Introduction

The Childcare Act 2006 (Section 11) places a duty on local authorities to undertake an assessment of the Sufficiency of Childcare in their area.

Sufficiency of childcare is defined as childcare that is sufficient to meet the requirements of parents who require childcare in order to enable them to take up or remain in work or to undertake education or training which could reasonably be expected to assist them to obtain work.

For a full analysis of the sufficiency of childcare in Wiltshire, please see the Childcare Sufficiency Assessment 2011 at www.wiltshire.gov.uk/childcare. The next full report will be published in April 2014.

For a full list of childcare available in your area please contact Wiltshire's Family Information Service at **ask** on 08457 585072 or visit www.askwiltshire.org. The **ask** website also contains lots of useful information for families including holiday playschemes, financial information and services available to parents.

1 Calne community area profile

Calne community area comprises the town of Calne with a number of surrounding villages: Compton Bassett, Cherhill, Heddington, Bremhill and Hilmarton.

1.1 Population trends

According to Wiltshire Council population projections and 2001 Census data:

- The resident population was estimated at **20,670** for 2009
- Calne has a population density of **155** people per km².
- The current number of 0-14s in Calne is estimated to be around **4,030**.
- Wiltshire is developing a register of disabled children (The Key). The 2001 census data tells us that there were **108** children with a Limiting Long Term Illness (LLTI) in Calne.
- At 2001 Calne had **363** lone parents
- At 2001 Calne had black and minority ethnic population of **1.0%**.

1.2 Deprivation (2007)

Calne has one Lower Super Output Area (LSOA) that is amongst the top 30% most deprived in the country according to the Index of Multiple Deprivation - Calne Abberd – South. This LSOA is also within the most deprived 10% in Wiltshire in terms of 'health deprivation & disability' and also falls within the most deprived 10% in Wiltshire in terms of income deprivation affecting children, along with Calne Abberd (North).

Some comments made by Calne parents in the parent survey 2010:

Parents who state that their current childcare arrangements meet their needs	Comments from parents who state that their current childcare arrangements do not meet their needs
<ul style="list-style-type: none"> • [My] Kindergarten is fantastic and enriching • Excellent new nursery in Calne • My childminder is fantastic and so popular with our two children • My daughters have been so happy at [their nursery] and the relationship they and myself have with the staff is excellent • We are extremely happy with the quality of our child's nursery • The summer playscheme is great. 	<ul style="list-style-type: none"> • School does not offer wrap around care • No special needs childminders and no 1:1 • None available to meet needs of special needs teenager and younger siblings that is of a reasonable cost • There is none available • Lack of info from job centre about advice/support and not enough info about help with childcare • No space in childminders for school pick ups • Difficult to find childcare that starts early in morning and runs into the evening • Breakfast and after school clubs would be great • It would be great if 'summer' babies could be given some provision when they start school • Lack of info about providers 'embracing' special needs rather than being reluctant to have them - lack of training and knowledge by providers.

3 Summary of local picture

This space is for childcare officers and other key partners to summarise the local picture.

General comments (JG March 2012)

There have been no problems with sufficiency reported as yet so far this academic year. Childcare Officer believes that this could be due to many parents using childminders as well as non-domestic settings. There are more childminders in town than is currently needed.

Childcare and childminding (JG March 2012)

The occupancy percentages for this month show that currently there are some spaces across the town in non-domestic settings however, in some areas of the town the choice may become more limited in the summer term.

There are 12 group settings providing good quality childcare for 0-5 year olds in the Calne area. The Calne Leisure Centre is running a holiday club during all school holidays. Children over 5 and children with Disabilities are catered for with an after school club and holiday provision in Calne. Currently two childminders in the Calne community are supporting children with additional needs and more registered childminders could offer spaces if needed.

There are currently 45 registered childminders in the Calne community area, of these 10 are accredited to offer free entitlement to 3 and 4 year olds. Two of these child minders are currently offering 2 year old funding places.

There are several newly registered childminders who are finding it hard to fill their full time spaces. Many offer flexible provision and will link into local schools to offer school holiday as well as before and/or after school care.
