 Where everybody matters

The financial
assessment and
benefits team
(FAB team)

If you are an adult carer and care for an adult, a member of the FAB team can visit you to make sure you are receiving all the benefits to which you are entitled. (For children and family carers contact your link worker.)

You will get a letter telling you when someone will come and see you.

You will need to show some documents. You will be told which ones in the letter.

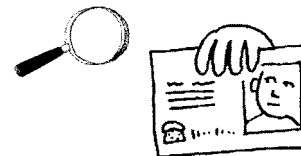

The team will give you information, advice and guidance on the benefits you can get.

It can also help you get in touch with other people who will help you.

Warning.

Check who people are before you open the door. Our officers all carry official identification.
