NOTES ON COMPLETION OF NOISE MONITORING DIARY

In order for us to assess your noise complaint you need to keep a detailed record of the problem that is disturbing you. This record may be used as evidence in a Court so it is very important that details are accurate and relate **only** to the specific noise you have complained about. You should not, therefore, record nuisance which is just an annoyance or occasional.

The Noise Monitoring Diary sheet is designed for you to complete one line on each occasion when the noise affects you. The following information is required each time you record a noise event.

DATE

Include the day, month and year.

TIMES OF NOISE

It is important to make a note of the time when the noise starts and finishes. Be sure to specify AM or PM or use the 24 hour clock. If you do not know when the noise finished because, for example, you go out, then make a note of when you last noticed the noise.

TYPE OF NOISE

Describe the noise, for example, loud music, barking dog.

AFFECTS OF NOISE

This is very important because it helps us assess how loud the noise is & tells us how badly the noise is affecting you.

ABOUT YOU

Tell us your details and where the noise is coming from. If you have a disability which may affect how we contact you please tell us.

Complete the diary for 14 DAYS and then either **scan or e-mail** to us at publicprotectionwest@wiltshire.gov.uk or send to us at Environmental Protection, Wiltshire Council, County Hall, Trowbridge, Wilts, BA14 8JN

Information on how we use and store this information can be found on our website <http://www.wiltshire.gov.uk/community-safety-privacy-notice>
