In addition to the hazards/risks normally associated with the types of work detailed on this drawing, note the following significant residual risks (Reference shall also be made to the design hazard log).

- **Construction** (Enter "None" if applicable)
- **Maintenance / Cleaning** (Enter "None" if applicable)
- **Use** (Enter "None" if applicable)
- **Decommissioning / Demolition** (Enter "None" if applicable)

**Notes:**

1. Limits of work are approximate and are to be agreed on site with the Engineer or Site Representative.
2. All 'Road Closed' signs to be accompanied by barrier & cones to create a physical staggered barrier across the carriageway to deter motorists from entering the site.
3. All signs with a white border and red background have a 100mm x-height.
4. All signs with a black border and yellow background have a 75mm x-height, unless stated otherwise.
5. All signs to be supplied in 1050mm x 750mm portable frames and secured with sandbags, unless stated otherwise.
6. All sign faces to be to BS EN 12899-1:2007 Class RA2.
7. Refer to drawing No WHCC_HM-ATK-HSN-1920SO0702-DR-CH-000015 for signing details and specifications.
8. To be erected during all three phases.

**Key:**

- **Proposed Closure Phase 1**
- **Proposed Closure Phase 2**
- **Proposed Closure Phase 3**
- **Proposed Diversion Route for light vehicles only**
- **Gateman Positions**
- **Direction which the sign faces traffic**
