LILLYBROOK PARK RULES

The following rules are in place to ensure acceptable standards are maintained on the park, which will be of general benefit to occupiers, and to promote and maintain community cohesion. They form part of the Agreement by which homeowners occupy the pitch in accordance with the Mobile Homes Act 1983 (as amended).

The rules are designed to ensure that all may live peacefully in unspoilt surroundings and have not been compiled to place unnecessary restrictions on occupiers. We are sure that, provided the rules are accepted in the right spirit, our park will continue to be a happy community.

These rules are not binding retrospectively. For example, in rule 41 it states: ‘You must not park commercial vehicles (with a payload of over 900kg) as described in the vehicle taxation legislation on the park’. If a resident owned one of these vehicles on 5 August 2014 that resident can continue to own that vehicle and subsequently replace it with a similar vehicle.

Clarification of Definition of the term ‘Occupier’, this is the residential Park Home Owner(s) of each individual home on the park and any approved occupants of that home.

The following rules do not apply to the Park owner and their family, staff, contractors and any park warden. Rule numbers 19, 22, 37 & 41.
