

Energy saving grants

Saving energy at home can save you money and make your home feel warmer.

There are grants available to help:

(These are for people who own their own home or rent from a private landlord)

Warm Front grants

For people on benefits: If you have no programmable heating, or your heating is broken and cannot be repaired, you may be able to apply for a grant for £3,500 for a new heating system (£6,000 for oil fired systems)

Warm Front can be contacted on 0800 316 6011 or www.warmfront.co.uk.

If you have already been approved for a Warm Front grant and have an excess payment to make, Wiltshire Council may be able to help. Please see <http://www.wiltshire.gov.uk/housing/housinggrants/repairsassistance.htm> for more details or contact the council on the numbers listed overleaf.

Loft and cavity wall insulation grants

The Wiltshire Warm and Well scheme offers reduced price and free loft and cavity wall insulation to Wiltshire residents. Those residents aged over 60, on certain means test benefits, a low income with school-age children or households where a member of the family is unemployed or has been made redundant may qualify to have the works done free of charge. All other residents may qualify for reduced price insulation.

The contact number for the scheme is 0800 512 012 (ask for the Wiltshire Council insulation scheme)

Hard to heat homes grant

This is for people on benefits or who spend more than 10% of their income on heating. It is worth up to £15,000 and covers measures such as solid wall insulation, heating and renewable energy. For more information contact Wiltshire Council on the numbers listed below.

Mobile homes insulation grant

This is for people on benefits or who spend more than 10% of their income on heating. It is worth up to £8,000. To find out if you qualify contact Wiltshire Council on the numbers listed below.

Cavity wall insulation for flats grant

If you live in a block of flats and are over 70 or on benefits, you may be able to get cavity wall insulation for free.

All other residents can apply for this grant (not means tested), so that the whole block can be insulated. To find out if you qualify contact Wiltshire Council on the numbers listed below.

Renewable Energy Grants

Renewable Energy Grants: for details of Feed in Tariffs relating to energy generating technologies, the Renewable Heat Incentive or the Green Deal please contact the Energy Saving Trust on 0800 512 012.
