International
Day of
Disabled
People

What is “no barriers”?

A day to promote disability equality in Wiltshire.

A day to raise awareness about removing the barriers faced by disabled people.

What are these barriers?

They are not just physical barriers; they are more often hidden barriers, about communication and about people’s attitudes and prejudices.

How can you help to remove barriers faced by disabled people?

Get involved and find out what is going on in your local area.
