3 Siblings

A child is considered in this category if an older sibling is attending the school at the deadline date, and will continue to do so when the sibling is admitted, and where the child lives within the designated area at the same address as the older sibling. Sibling refers to brother or sister, adopted brother or sister, step brother or sister, or the child of the parent/carers partner where the child for whom the school place is sought is living in the same family unit at the same address as that sibling.

4 Practising Christians

Those children from within the designated area who are regular (defined as monthly attendance) practising Christians, of whatever denomination, at a recognised church or religious group. If the school is oversubscribed in criterion 3 then criterion 4 will be used as the determining factor. If the school is oversubscribed in criterion 6 then criterion 7 will be used as the determining factor. In all other oversubscribed criteria, if the school is oversubscribed within any category above, the straight line distance from the child's home address to the school will be used as the determining factor. Distances supplied by the Local Authority will be used and these will measure the straight line distance using the Ordnance Survey eastings and northings of the home and school address. Those with the least distance will be given priority.

Headteacher: Mrs S Ward

Status: Aided

Age range: 4 - 11

NOR (January 2011): 207

PAN (2012): 33

Summary of criteria for admission

1. Children in care:

Children within Local Authority care, as defined in section 22 of the Children Act 1989 for example, children in residential homes or foster care.

2. Living within the school's designated area:

Documentary evidence of residence will be required if the school is oversubscribed. This should include the child's NHS medical card, together with a recent utilities bill, council tax bill, or tenancy agreement. Where a child lives with parents with shared responsibility each part of the week, the 'home address' will be considered to be the address of the person whose name is on the child benefit statement. This may be a different address to that printed on the statement itself.

However, parents should not assume that a place will automatically be allocated to their child.

3 a) **Siblings**

A child is considered in this category if an older sibling is attending the school at the deadline date, and will continue to do so when the sibling is admitted, and where the child lives within the designated area at the same address as the older sibling. Step, siblings, as well as children of couples who have a registered civil partnership, where the child for whom the place is sought is living in the same family unit as the same address as that sibling.

3 b) **Practising Christians**

Those children from within the designated area who are regular practising Christians of whatever denomination, attending worship at least once a month, at a recognised church or religious group. (A recognised church is one that subscribes to the Churches Together in Britain and Northern Ireland network). Confirmation of patterns of worship and commitment may be requested from the relevant priest/pastor by letter within seven days.

3 c) **Other children**

Children resident within the designated area who do not qualify under one of the criteria above.

4. Living outside the school's designated area:

Siblings

A child is considered in this category if an older sibling is attending the school at the deadline date, and will continue to do so when the sibling is admitted, and where the child lives within the designated area at the same address as the older sibling. Step, siblings, or the child of the parent/carer's partner are included in this category, as well as children of couples who have a registered civil partnership, where the child for whom the place is sought is living in the same family unit as the same address as that sibling.

4 a) **Practising Christians**

Those children from outside the designated area who are regular practising Christians, of whatever denomination, attending worship at least once a month, at a recognised church or religious group. (A recognised church is one that subscribes to the Churches Together in

Britain and Northern Ireland network). Confirmation of patterns of worship and commitment may be requested from the relevant priest/pastor by letter within seven days.

4 b) **Other children**

Children resident outside the designated area who do not qualify under one of the criteria above.

If there are more applications than spaces available within any of the criteria above then the straight line distance from the child's home address to the school will be used as a distance tie-break. Distances will be measured using eastings and northings (which are unique for every postal address) with the child living the shortest distance from the school being given the higher priority.

Children of Multiple Births If there are insufficient places to accommodate all the children of a multiple birth (i.e. twins, triplets, etc) the parents of the children will be asked to nominate the child or children to take up the available number of places.

(A recognised church is one that subscribes to the Churches Together in Britain and Northern Ireland) Confirmation of status will be requested from the relevant priest/pastor.

8. Other Children

Children resident outside the designated area who do not qualify under one of the criteria above.

If the school is oversubscribed in criterion 3 then criterion 4 will be used as the determining factor. If the school is oversubscribed in criterion 6 then criterion 7 will be used as the determining factor. In all other oversubscribed criteria the distances provided by the LA will be used as the determining factor. Distances will be measured according to the Ordnance Survey eastings and northings for the child's home address and the school. Those living closer to the school will be given priority. If two or more children with the same priority for admission live an indistinguishable distance from the school, but cannot be admitted, then the available places will be decided by the casting of lots.

Details of this should accompany the initial application.

6. Siblings A child is considered in this category if an older sibling is attending the school at the deadline date, and will continue to do so when the sibling is admitted, and where the child lives outside the designated area at the same address as the older sibling. Step, half, adopted and foster siblings are included in this category, as are any children of the parent or carer's partner and in every case, who is living in the same family unit at the same address.

7. Practising Christians Those children from outside the designated area who are regular practising Christians, of whatever denomination, at a recognised church or religious group. (A recognised church is one that

8. **Other children** Children resident outside the designated area who do not qualify under one of the criteria above.

If there are more applicants than places within any of the criteria above then the straight line distance from the child's home address to the school will be used as a distance tie-break. Distances will be measured according to the Ordnance Survey eastings and northings for the child's home address and the school. Those living closer will be given priority. If two or more children with the same priority for admission live an indistinguishable distance from the school, but cannot be admitted, then the available places will be decided by the casting of lots.
