¹ The suitable area discounts any areas that are considered unsuitable as they lie in areas that; have recently been developed, are subject to extant planning permission (and so are assessed as commitments), are designated as employment sites, Greenbelt, SSSI, Flood Risk Zones 2 or 3, recreation sites or Health and Safety Executive exclusion zones.

² The developable area makes an allowance for a proportion of the site to be used for non-residential uses.

³ The proportion viable reflects an assumed proportion of all sites in this Community Area that are assumed to be viable based on a large sample of sites.

⁴ This identifies the potential capacity of the site if it is considered viable. No site specific viability assessment has been undertaken, but rather the cumulative viability has been assessed for each Community Area using the viability proportion.
