

## Appendix I: Statement on Compliance with the SEA Directive & Regulations

---

- I.1 *An outline of the contents, main objectives of the plan and relationship with other relevant plans:*
- Section 1 of this SA Report sets out the contents and main objectives of the Core Strategy. The relationship with other relevant plans is summarised in Section 3.
- I.2 *The relevant aspects of the current state of the environment and the likely evolution thereof without implementation of the plan:*
- Section 3 of this SA Report summarises the relevant baseline conditions for sustainability (including the state of relevant environmental aspects) in the District. The detailed Baseline is available on Wiltshire Council's website (<http://www.wiltshire.gov.uk/>) as part of the Final SA Scoping Report published in June 2007.
- I.3 *The environmental characteristics of areas likely to be significantly affected:*
- Where relevant and available, information regarding particular areas has been included in Section 3 and within the Final SA Scoping Report June 2007.
- I.4 *Any existing environmental problems which are relevant to the plan including, in particular, those relating to any areas of a particular environmental importance:*
- Section 3 of this SA Report summarises existing sustainability problems (including environmental problems) for the South Wiltshire area.
- I.5 *The environmental protection objectives relevant to the plan and the way those objectives and any environmental considerations have been taken into account during its preparation:*
- The Plans and Programmes review was reported in Appendix 2 of the Final SA Scoping Report published in June 2007 and is available on Wiltshire Council's website (<http://www.wiltshire.gov.uk/>).
- I.6 *The likely significant effects on the environment including on issues such as biodiversity, population, human health, fauna, flora, soil, water, air, climatic factors, material assets, cultural heritage including architectural and archaeological heritage, landscape and the interrelationship between the above factors. These effects should*

*include secondary, cumulative, synergistic, short, medium and long-term permanent and temporary, positive and negative effects:*

- The likely sustainability effects of implementing the Core Strategy (including environmental effects) is summarised in Section 4 of this SA Report, and detailed in Appendix IV & V. Where possible, an indication of whether effects are likely to be cumulative, short, medium and long-term etc has been included.

1.7 *The measures envisaged to prevent, reduce and as fully as possible offset any significant adverse effects on the environment of implementing the plan:*

- Where significant adverse effects, including environmental effects, have been predicted, the SA has sought where possible to identify means of offsetting these effects. These are detailed in Appendix IV & V and summarised in section 4 of this SA Report.

1.8 *An outline of the reasons for selecting the alternatives dealt with, and a description of how the assessment was undertaken including any difficulties encountered in compiling the required information:*

- This work, undertaken by the former Salisbury District Council is available in the Interim Sustainability Assessment Report published in July 2007. Details of how the assessment was undertaken are provided in Section 2 of this SA Report (appraisal methodology), and difficulties or uncertainties encountered in compiling information are summarised in Section 4 of this Report.

1.9 *A description of the measures envisaged concerning monitoring:*

- Measures envisaged concerning the monitoring of the sustainability effects (including environmental effects) of implementing the Core Strategy are provided in Section 6 of this report.

1.10 *A non-technical summary of the information provided under the above headings:*

- The non-technical summary is set out at the beginning of this report.
