		planning purposes.	
MIN/004	Page 3 Paragraph 1.4	In order to deal with issues that have been identified as being of local importance, this Core Strategy also provides a spatial expression of the Community Strategies covering Wiltshire <u>this area.</u>	Minor change to Submission Document previously contained within SWCS 13 A
MIN/005	Page 3 Paragraph 1.12	The Regional Spatial Strategy for the South West (RSS) <u>RSS</u> forms part of the development plan for Wiltshire and sets out the numbers of houses and jobs that should be provided for. These figures are identified using a review of evidence on the expected economic and population change, regional housing requirements, resources and infrastructure available, the role and function of places and sub-regional relationships between places. The Secretary of State's Proposed Changes to the Draft RSS for the South West suggests a housing requirement of 12,400 homes for south Wiltshire for the period 2006-2026. This would require an average housing delivery of 620 dwellings per year. This broadly corresponds with the level of need that has also been identified at a local level. The Core Strategy must be in conformity with the RSS.	Minor changes to Submission Document previously contained within SWCS 13 A
MIN/006	Page 6 Paragraph 1.22 (Second option in table)	[First column]: Major urban extension to the <u>north east</u> west of Salisbury [Third column]: See Preferred Options document at www.wiltshire.gov.uk	Minor changes to Submission Document previously contained within SWCS 13 A
MIN/007	Page 7 Paragraph 1.24	This Strategy has not been produced in isolation, but has been the subject of external quality control measures throughout its production. These measures include: instruction of Landmark Chambers, use of the Planning Advisory Service ("PAS") Self-Assessment Tool Kit, using <u>the Government of The South West ("GOSW")</u> GOSW as a 'critical friend' throughout the process and undergoing two Planning Inspectorate ("PINS") Frontloading Inspections.	Minor change to Submission Document previously contained within SWCS 13 A
MIN/008	Page 7 Paragraph 1.30	The first LDS for Wiltshire Council has been agreed with the Government Office for the South West ("GOSW") . This sets out the components and timetable for delivery of the LDF by the new authority. <u>After second sentence add: Due to pressing needs and the potential exhaustion of strategic housing land, it has been expedient to progress the South Wiltshire Core strategy in advance of that for the rest of the Council area.</u> The content of this south Wiltshire Core Strategy will be incorporated into a single Wiltshire Core Strategy in due	Minor change to Submission Document previously contained within SWCS 13 A GOSW SCG

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>course, although the debate over the south Wiltshire strategy will not be re-opened at that point. The diagram below shows how the strategy set out in this document will feed into the Wiltshire-wide Core Strategy, which will then supersede this document.</p> <p><u>The merging of the Core Strategies will be facilitated by focussing the spatial expression of the strategy on the established Community Plan areas for Wiltshire, as is shown by Fig 1 on page 8 of the Core Strategy document.</u></p>	GOSW SCG
MIN/009	Page 8 Figure 1	[Under South Wiltshire Core Strategy section of Community Area] Downton <u>Southern Wiltshire</u>	Minor change to Submission Document previously contained within SWCS 13 A
MIN/010	Page 11 Paragraph 2.1 (c)	Add semi-colon after 'average'.	Minor change to Submission Document previously contained within SWCS 13 A
MIN/011	Page 15 Paragraph 2.5	The South East corner of south Wiltshire bounds the New Forest National Park, indeed parts of the Wiltshire parishes of Redlynch, Landford and Whiteparish lie within the National Park and fall under the jurisdiction of the National Park Authority for planning purposes. Development proposals in south Wiltshire, particularly in the Southern <u>Wiltshire</u> Community Area, but also to some extent in Salisbury itself, will place pressure on the National Park, especially in terms of recreation and transport links. Care must therefore be taken to ensure that proposals do not have a detrimental impact on the National Park.	Minor change to Submission Document previously contained within SWCS 13 A
MIN/012	Page 19 Paragraph 3.3(a)	The number of households requiring some form of affordable housing⁹ is at 702 per year. The need for new affordable housing currently stands at 702 units per year⁹. At 1st April 2006, 2,968 households were on the Council's waiting list. Average house prices stand at £247,819, yet the incomes of 92% of those seeking to enter the housing market average are inadequate to allow them to do so. This highlights acute need in the local housing market¹⁰.	Tetlow King (for RSL Consortium) SCG
MIN/013	Page 19 Footnote 9	Affordable housing is housing (including low cost market and subsidised houses irrespective of their tenure/ownership/financial arrangements) which is available in perpetuity to those households who are financially unable to compete in the local market (for rent or for sale) to	Tetlow King (for RSL Consortium) SCG

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		secure a suitable home The definition of 'affordable housing' in this context is provided in Annex B of Planning Policy Statement 3: Housing.	
MIN/014	Page 19 Paragraph 3.3(b)	Support will continue to be given to Registered Social Landlord led development in appropriate locations. However, the The main way to meet the majority of affordable housing need is by requiring house builders to provide a proportion of such homes in their developments. This plan requires 40% of such homes to be delivered in all new schemes of 15 houses or more and 25% on developments of 5 to 14 houses. Smaller developments will be required to make a commuted sum payment ¹¹ It is however acknowledged that other sources of delivery are available, such as 100% affordable housing exception sites and development led by Registered Social Landlords.	Tetlow King (for RSL Consortium) SCG Council's suggested wording as a result of discussions at EIP.
MIN/015	Page 20 Footnote 12	Topic Paper 4: Supporting Communities (page 12, Fig 2, 'Age Structure)	Minor change to Submission Document previously contained within SWCS 13 A
MIN/016	Page 20 Footnote 14	South Wiltshire Economic Partnership Economic Strategy 2009-2014 <u>Draft for Consultation</u> (page 4, SWOT analysis)	Minor change to Submission Document previously contained within SWCS 13 A
MIN/017	Page 25 Paragraph 3.9	Although the area has rich heritage assets, there is a need to show them off to better effect. For instance, Stonehenge is marooned between two busy roads and served by a basic, functional visitor centre, and Salisbury Market Place is marred by its use as a car park and the poor quality, incoherent treatment of the public domain. Listed buildings are under pressure from changes in the local built environment that could spoil their character forever. The growth in homes and jobs set out in this Strategy is identified as a risk to heritage assets in certain areas, for example the proposal to allow further building close to the Old Sarum Scheduled Ancient Monument. Additional challenges are the lack of protection for <u>archaeological sites and historically important unlisted buildings</u> , whether additional measures are needed to recognise the pre-eminent status of Salisbury Cathedral and Close, and the need to review the policy protection afforded to the historic roofscape and cathedral views in Salisbury ³³ .	English Heritage SCG

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
MIN/018	Page 25 Paragraph 3.10 (b)	There has been a clear trend of facilities such as doctors, dentists, shops, pubs, halls and schools disappearing from smaller villages and being concentrated in larger settlements. The challenge is therefore to respond to these trends by ensuring access, other than by the private motor-car, can be provided to service centres.	Minor change to Submission Document previously contained within SWCS 13 A
MIN/019	Page 25 Footnote 34	Topic Paper 4: Supporting Communities (page 9) and First and Second Addenda; Indices of Multiple Deprivation (2004 and 2007 <u>(2004 and 2007 an update for Salisbury district)</u>)	Minor change to Submission Document previously contained within SWCS 13 A
MIN/020	Page 26 Paragraph 3.12	<p>A major challenge is ensuring that infrastructure is adequate to support the level of growth required to meet local needs³⁸. Key infrastructure challenges for the area are:</p> <ul style="list-style-type: none"> • Congestion and safety problems on the major transport corridors of the A303 and A36 • Pressure on the Salisbury ring road • How to provide meaningful alternative transport choices to the private motor car • Added pressures on the sewage network around Salisbury • Increased phosphate levels in the local watercourses. • Ensuring adequate water supply. • Ensuring that the emergency services can respond adequately to new areas of growth. • Addressing the additional demand for healthcare in Salisbury • Added pressures on school capacity. • How to provide renewable energy either on or near new development sites. • <u>Addressing the impact of increased population and traffic on Fire Service response times.</u> • <u>Improving transport linkages between employment and residential locations through the delivery of a range of sustainable transport linkages</u> 	Wiltshire Fire and Rescue SCG Highways Agency SCG (19 February 2010)
MIN/021	Page 29 Paragraph 4.0 (NB: Also needs to be de-italicised and	<p>Core Strategy Spatial Vision:</p> <p>By 2026 south Wiltshire will be <u>a thriving and vibrant area</u>, where people can learn and develop their skills, enjoy a good quality of life and good health in a safe, clean neighbourhood, appreciate a superb environment which makes the most of the natural</p>	Minor changes to Submission Document previously contained within SWCS 13 A

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
	right hand margins needs to be adjusted on first three paragraphs)	<p>landscapes and <u>landscapes and historic landscapes, together with</u> historic buildings and complements <u>complements</u> them with exciting new buildings.</p> <p>The 12,400 homes will have delivered over 4,000 affordable homes in south Wiltshire. The retail, leisure and cultural function of Salisbury will have been greatly enhanced by the successful redevelopment of the Maltings/Central Park. The successful redevelopment of Churchfields will have created a new and vibrant neighbourhood of the city, with the new and relocated businesses prospering in their new locations. The new homes balanced with the economic growth will have provided local opportunities to work and live in the local area and will have successfully reduced the amount of out commuting.</p> <p>Partnership working with the Cathedral authorities and English Heritage at Stonehenge on the implementation of their respective management plans will have greatly enhanced Salisbury's reputation as a major international tourist destination. The important employers at Porton Down, Boscombe Down and the MOD on Salisbury Plain will have consolidated their presence in the area through the realisation of their ambitious future plans.</p> <p>Amesbury will remain as an important centre providing a balanced range of homes, jobs and services in a sustainable manner and will continue to be the focus of managed growth, providing over 1900 new homes to match the job opportunities at Solstice Park, Porton Down and Boscombe Down. Downton and Wilton will be comfortable with their relationship with Salisbury, benefiting from the level of services and jobs it provides and will have been the subject to new growth proportionate to their size which will help provide local opportunities. Mere's important role as a service centre to a wide rural area, will have been consolidated, with growth of about 270 new homes by 2026 and allocation of employment land to meet local needs for jobs. Tisbury's role as an important service centre will have been consolidated through careful growth which will meet local needs, but acknowledges the constraints of the road network as well as the opportunities of the rail line, and will have grown by some 160 homes.</p>	<p>English Heritage SCG</p> <p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/022	Page 29 Paragraph 4.1	This Vision builds on the community consultation that shaped this Strategy and in particular the aspirations included in 'A Sustainable Community Strategy for Wiltshire - "Working together to create stronger and more sustainable communities" 2007-2016'. To achieve this	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>Spatial Vision, by 2026 the 8 Strategic Objectives described below will have been delivered through the successful implementation of the outcomes highlighted. There are a detailed set of performance indicators, SMART (Specific, Measurable, Achievable, Realistic and Timely) targets and milestones that will be used to monitor progress in delivering the outcomes sought in the Integrated Delivery Plan (IDP) which forms Appendix E to this document. One key or headline performance indicator is included with each strategic objective to give an indication of the approach.</p>	<p>Minor changes to Submission Document previously contained within SWCS 13 A</p>
MIN/023	Page 30 Paragraph 4.3 (Desired Outcomes)	<ul style="list-style-type: none"> • The delivery of 12,400 new homes carefully managed to be in the most sustainable location and to respect the local character. Well over half the number will have been built in or around Salisbury, with significant growth in Amesbury. • More modest growth proportionate to the size of the settlement will have been delivered in the local centres of Mere, Downton, Wilton and Tisbury. • The Strategy has addressed the shortfall in maximised the delivery of affordable homes across south Wiltshire through ensuring a minimum of 40% of such homes have been delivered in all new schemes of 15 or more houses and 25% on developments of 5 to 14 houses. • All new homes meet the Lifetime Homes Standards, to allow more of the ageing population to live in their own communities. • New homes have delivered water efficiency improvements and where possible, will be low carbon or carbon neutral • The regeneration of the UK Land Forces HQ in Wilton with a significant number of new homes matched by employment opportunities will have taken place. • The regeneration of Salisbury will have been achieved through a residential led mixed-use development on the Churchfields Estate. • New pitches will have been provided for gypsies and travellers. 	<p>Tetlow King (for RSL Consortium) SCG</p>
MIN/024	Page 32 Paragraph 4.5	<p>Strategic Objective 4: To help people feel safer in their communities and to provide a good access to a range of services and leisure opportunities.</p> <p>In order to help realise the aspirations of the Community, especially as outlined in the Community Strategy, the following outcomes will have been delivered:</p>	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>Desired outcomes:</p> <ul style="list-style-type: none"> • New developments will have met 'safe by design' standards. All new developments will be required to comply with Secured by Design (SBD) standards that should be detailed through a Design and Access Statement. • A positive contribution will have been made to help treat areas of social exclusion, especially access to essential services in the rural areas. • Strategic growth has been matched by the provision of new educational and healthcare facilities. • More effective planning controls has <u>have</u> resulted in the retention of existing facilities such as village shops and pubs. • The identified shortfall in the range of sport, leisure and recreation facilities has been addressed. <p>Headline performance indicator:</p> <p>Number of retained and new community service facilities in Local Service Centres (to be monitored through Rural Facilities Study).</p> <p>Target: no overall net loss of services in local service centres as defined in Core Policy 1 (surgeries, libraries, library's, shops and community centres).</p>	<p>Wiltshire Police SCG</p> <p>Minor change to Submission Document previously contained within SWCS 13 A</p> <p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/025	Page 32 Paragraph 4.6	<p>Strategic Objective 5: To deliver new buildings which conserve and complement vernacular traditions and maintain and where possible enhance the built and natural environment.</p> <p>This Strategy sets out a proactive policy framework, which seeks to ensure a consistent delivery of high quality, well designed buildings and spaces, ensuring they sit comfortably in south Wiltshire. It strikes an effective balance between allowing the sustainable growth needed to provide local housing, jobs and services, while ensuring that the natural environment and built environment is not compromised. Any development that would have</p>	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>an adverse effect on the integrity of a European nature conservation site will not be in accordance with the Core Strategy.</p> <p>Desired outcomes:</p> <ul style="list-style-type: none"> • Effective protection and enhancement of the River Avon SAC will have been secured through implementation of management measures to address flow and phosphate levels. Ongoing protection and enhancement of the Stone Curlew habitat at Porton Down will have been secured through the implementation of management measures, which effectively mitigate potential disturbance from further development. • A new Country Park will have been created adjacent to Salisbury, which safeguards an important green lung. • A green infrastructure strategy will have delivered a joined-up network throughout Wiltshire, which takes into account the impacts of climate change. • A solution will have been implemented which has returned Stonehenge to a more respectful setting in keeping with its international status. • New development to the north of Salisbury will have been carefully managed to mitigate impacts on the Old Sarum Scheduled Ancient Monument and the historic airfield. • A Heritage strategy for Wiltshire will have been implemented, introducing an approach to the protection for our historically important unlisted buildings, listed buildings at risk and a series of improved guidance notes. • The successful implementation of a public realm strategy for Salisbury, including the Market Place, will have been achieved which shows heritage assets off to the best effect. • Salisbury's historic roofscape and spire views will have been maintained. • Design of new buildings will reflect the needs of the south Wiltshire's unique population profile, especially the ageing population. • Design of all new buildings will effectively balance respect for the local heritage with meeting the challenge of climate change. • Design of new development will have included implementation of steps <u>in line with Secured by Design</u>, which have reduced crime and anti-social behaviour to make 	<p>Minor change to Submission Document previously contained within SWCS 13 A</p> <p>Wiltshire Police SCG</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>places feel safe.</p> <ul style="list-style-type: none"> • <u>Ensure development does not compromise the aims of the Wiltshire Biodiversity Action Plan (BAP)</u> <p>Headline performance indicator:</p> <p>Number of planning permissions granted contrary to advice from statutory consultees. <u>relevant Core Policies in this document</u> (Local Performance Indicator to be monitored through AMR).</p> <p>Target: nil</p>	<p>Natural England SCG</p> <p>Environment Agency SCG</p>
MIN/026	Page 33 Paragraph 4.7	<p>Strategic Objective 6: To enhance south Wiltshire's place as retail centre that offers something different from the mainstream and to establish tourism as a major sector of the economy.</p> <p>The objective is to provide an improved range of retail choice in Salisbury and Amesbury, while maintaining local shops in convenient locations throughout south Wiltshire.</p> <p>The Strategy also sets out policies to encourage greater numbers of tourists which will make a growing contribution to the economy of south Wiltshire in the period leading to 2026.</p> <p>Desired outcomes:</p> <ul style="list-style-type: none"> • Successful implementation of the sensitive retail led mixed-use redevelopment of the Central Car Park and Maltings will have been achieved, which has broadened shopping choice and enhanced the existing City Centre. • Improved retail choice in Amesbury will have been achieved without causing the decline of the traditional town centre. • Local outdoor markets will have been safeguarded and enhanced. • A good range <u>of</u> shopping choice will continue to be provided in the Local Service Centres of Mere, Tisbury, Wilton and Downton 	<p>Minor change to Submission Document</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<ul style="list-style-type: none"> • New tourist accommodation will have been delivered both in Salisbury and throughout south Wiltshire • High quality, flexible conference facilities will have been provided in a sustainable location in Salisbury • Greater range of and higher quality leisure facilities will have been provided, throughout south Wiltshire, with a particular focus on the Maltings redevelopment in Salisbury. • A broadened night-time economy within town centres, especially Salisbury, which has been refocused to provide greater choice for families and tourists and respect the quality of life of residents, will have been delivered. • A new, world class, visitor centre for Stonehenge will have been developed. <p>Headline performance indicator:</p> <p>Delivery of the redevelopment of the Maltings/Central Car park retail-led development <u>development</u> in accordance with Core Policy 7.</p> <p>Target: development <u>development</u> complete and operational during the lifetime of the plan.</p>	<p>previously contained within SWCS 13 A</p> <p>Minor changes to Submission Document previously contained within SWCS 13 A</p>
MIN/027	Page 34 Paragraph 4.8	<p>Strategic Objective 7: To ensure that essential infrastructure is in place to support our communities.</p> <p>The levels of growth set out in this Strategy will increase demand on local infrastructure and social facilities. This Strategy requires the use of planning obligations to secure those works seen as essential to offset the potential impact of a development.</p> <p>Desired outcomes:</p> <ul style="list-style-type: none"> • That all new development will have been delivered in conjunction with the essential infrastructure required to support it. • That the new strategic development sites will have been successfully implemented in accordance with the Development Templates in Appendix A. 	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>Headline performance indicator:</p> <p>Delivery of strategic sites in accordance with the essential infrastructure requirements set out in the Development Templates at Appendix A. (LPI).</p> <p>Target: No planning permission granted contrary to the recommendations of essential infrastructure providers.</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/028	Page 35 Paragraph 4.9	<p>Strategic Objective 8: Where all are <u>everybody is</u> provided with a viable range of transport choices, which reflect a reduction in the need to travel and help contribute to <u>reducing carbon emissions</u>.</p> <p>Desired Outcomes:</p> <ul style="list-style-type: none"> • A range of viable, efficient sustainable transport alternatives will have been provided to reduce reliance on the private motor vehicle, including effective choices for those people without access to a car and for the distribution of freight. • Sustainable transport alternatives will have been implemented in a manner which has reduced the impact of traffic on people's quality of life and Wiltshire's built and natural environment including enhancement of the public realm and street scene. • Measures will have been implemented which reduce traffic delays and disruption, and improve journey time reliability on key routes. • The use of existing transport infrastructure will have been optimised through effective design, management and maintenance. • Safety for all road users will have been improved, the number of casualties on Wiltshire's roads reduced and the impact of traffic speeds in towns and villages mitigated. • To reduce the level of air pollutant and climate change emissions from transport. • Strategic growth in Wiltshire will have been supported through the timely implementation of sustainable transport requirements and effective mitigation of their traffic impacts. • Barriers to transport and access for people with disabilities and mobility impairment will have been effectively removed. 	<p>Highways Agency SCG (19 February 2010)</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<ul style="list-style-type: none"> The impact of strategic growth on the road network will be managed through <u>measures identified in the Salisbury Transport Model to mitigate congestion in order to safeguard emergency services response times.</u> <p>Headline performance indicator:</p> <p>Access to services by public transport, walking and cycling (NH-175)</p>	<p>Wiltshire Fire and Rescue SCG</p> <p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/029	Page 39 Map 2	Indicate on map the area of Wiltshire covered by the New Forest National Park Authority for planning purposes.	New Forest National Park Authority SCG
MIN/030	Page 40 Paragraph 5.3 (A)	The city of Salisbury is identified as a Strategically Significant City or Town ("SSCT") under Development Policy A of the RSS and is the primary service centre in south Wiltshire. Because of the level of services, shops, jobs and homes the city provides, the larger proportion of growth will be concentrated here. This Strategy seeks to enhance its <u>Salisbury's</u> position as a self-contained settlement, which has a range of homes, jobs and services to offer. This will be delivered through significant growth in jobs, homes and retail provision, based on the release of strategic development sites around the city and regeneration focused on Churchfields and the Maltings/Central Car Park.	Minor changes to Submission Document previously contained within SWCS 13 A
MIN/031	Page 41 Footnote 45	There are 66 small villages <u>other settlements</u> and a list of these can be found in Topic Paper 3: Settlement Strategy Second Addendum	Minor change to Submission Document previously contained within SWCS 13 A

			previously contained within SWCS 13 A																		
MIN/034	Page 45 Paragraph 5.14	A second example would be the delivery of a major element of south Wiltshire's retail growth on the Maltings/Central Car Park to increase the retail offer in Salisbury in a manner that complements its position as an important shopping destination, which has a high proportion of independent traders and historic markets, offering something different from the ordinary. The redevelopment will focus on attracting key high street names (many of wh <u>whom</u> have expressed a desire to locate in Salisbury, but cite the lack of modern units as a constraint), currently lacking in Salisbury and which are a contributory reason for a trips to other centres, especially Southampton.	Minor change to Submission Document previously contained within SWCS 13 A																		
MIN/035	Page 45 Paragraph 5.16	Core Policy 1 also sets standards that the strategy will aim to deliver in relation to development on previously developed land (brownfield sites). Policy H of the draft RSS requires that for the region as a whole the aim should be to achieve at least 50% of new housing development on previously developed land, including the conversion of existing buildings. However, given that south Wiltshire does not have a large previously developed land potential, based on local evidence, a more appropriate target for south Wiltshire is 34%. 		<p>South of Netherhampton Road 400 dwellings 10 ha Central Car Park 200 dwellings Up to 40,000 sq m gross external area retail and leisure floorspace Kings Gate, Amesbury 1300 dwellings 0 ha Former Imerys Quarry 0 dwellings 4 ha</p> <p>The specific, detailed infrastructure requirements to allow this Strategy to be delivered are included in the Area Visions (Chapters 6-11), the Development Templates at Appendix A and Integrated Delivery Plan at Appendix E. Key strategic elements of infrastructure central to the delivery of this plan are:</p> <ul style="list-style-type: none"> • New secondary school capacity for Salisbury. • New primary schools at strategic sites at Fugglestone Red, Hampton Park, Longhedge, Harnham and Kings Gate. • Additional doctor and dentist surgery capacity. • <u>Adequate fire service response to areas of new growth. Fire and Rescue Service infrastructure necessitated by all proposed growth including their cumulative impacts.</u> • Green Infrastructure linkages. • Retention of important green infrastructure to the northern slopes and the green lung running south from land east of Old Sarum and west of Hampton Park. • <u>A combination of Demand Management and mitigation measures to alleviate additional traffic pressures on the Salisbury ring road and strategic road network.</u> • A strategy for mitigating phosphate levels in the watercourses. • An integrated 'water grid' to ensure water supply. <p>Targets: See Core Policy 1; Reduction in local unemployment figures.</p> <p>Monitoring and Review: AMR housing completions; NOMIS official labour market statistics.</p> <p>Delivery Responsibility: Wiltshire Council; Developers.</p> <p>Policies replaced: None</p>	<p>Wiltshire Fire and Rescue SCG</p> <p>Highways Agency SCG (18 March 2010)</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
MIN/038	Page 52 Paragraph 5.23 (d)	<p>The economic centrepiece of this strategy is to provide enough new strategic sites to attract new business and facilitate the relocation of existing businesses from the constrained Churchfields Estate in Salisbury, thereby allowing them room to expand. The strategic sites will allow for a range of employment choices in sustainable locations around Salisbury. Fugglestone Red, Longhedge (Old Sarum), UKLF, South of Netherhampton Road, Central Car Park and the Imerys site, will all provide employment opportunities to facilitate this.</p> <p>New allocated employment sites will be delivered alongside allocated housing sites and will be master planned comprehensively to deliver a range of job types and unit size taking into account the most current Employment Land Review and decant uses required as a result of the regeneration projects. However, beyond Churchfields decant sites the majority are expected to be office based at Salisbury SSCT.</p> <p>Office and Research and Development based business parks will also be acceptable in order to try and achieve a step change in the job base at Salisbury SSCT. Such sites will also deliver flexible and affordable workspace, particularly small and start up units, on accessible lease terms to provide continuing opportunities for business start-ups. These start up or incubator units should be supported by shared business infrastructure relevant to the use class. Such units will be subject to a section 106 agreement to ensure that they remain so into perpetuity.</p> <p>Employment sites, as well as taking account of other relevant policies within this Core Strategy, including Core Policy 44 <u>12</u> with respect to saved policy E8B, Porton Down, will be required to deliver important infrastructure to support the businesses and their employer's needs whilst at work. Infrastructure provision including a crèche, gym, shop and catering establishments as well as training facilities, all should <u>all</u> help to secure inward investment. In addition all businesses should prepare Green Travel Plans.</p>	Minor changes to Submission Document previously contained within SWCS 13 A
MIN/039	Page 53 Paragraph 5.25	The above graph, known as the Housing Trajectory, is a tool that is central <u>tool</u> to explaining how growth will be managed over the plan period. It shows when development will take place from each source and also allows progress to be monitored so that contingency measures can be invoked if necessary.	Minor changes to Submission Document previously contained within SWCS 13 A

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
MIN/040	Page 53 Paragraph 5.26	The Housing Trajectory above shows how we can meet both our needs and the RSS targets based on the strategy of releasing development sites in a timely manner. The trajectory is based on a realistic evaluation of housing supply, informed by the Strategic Housing Land Availability Assessment, which has included evidence from developers regarding projected build rates, and the requirements and timing of essential infrastructure provision.	Minor changes to Submission Document previously contained within SWCS 13 A
MIN/041	Page 54 Paragraph 5.31 First paragraph	<p>The rates of growth anticipated in the Housing Trajectory need to be supported by the strategic infrastructure requirements are set out in Core Policy 2. While it is a requirement for infrastructure to be phased and delivered to support the growth, the strategic upgrades will be secured either by direct works by the developer or through a commuted sum payment (through Section 106 agreements) to the infrastructure provider towards the cost of implementation. It is important to emphasise that there are no major works that require the delivery of part or all of the strategy to wait for its completion. <u>Viability work has been carried out by the Council, which has not identified any insurmountable barriers to the delivery of development on the strategic sites arising from the infrastructure requirements</u>^[footnote].</p> <p>Furthermore partnership working with providers has been essential to ensure that the necessary improvements are in their respective forward plans to be implemented at an appropriate time. The details of these plans and the timings are explained in more detail in the Integrated Delivery Plan at Appendix E, and wherever possible precise points within the development process have been identified. Where this has not been possible, then assurances have been received that all works will be delivered at an appropriate time within this plan period. These measures and their timing will be set out in the master planning process of the strategic sites and subject to pre-application discussions. In summary key infrastructure elements of this strategy are as follows:</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p> <p>GOSW SCG</p>
MIN/042	Page 54 New footnote	Strategic Sites Viability Overview Assessment 2009.	GOSW SCG
MIN/043	Page 55 Paragraph 5.31 (b) Last paragraph	<u>Wessex Water is the incumbent water supply company for the area. The company set out its water resources strategy for the period 2010 to 2035 in its draft Water Resources Management Plan available from http://www.wessexwater.co.uk. This has since been updated for the purposes of the company's strategic business plan, which was submitted to its regulator, Ofwat, for the setting of water prices for the period 2010-2015. The company</u>	Revised wording agreed by the Council with the Environment Agency and Wessex Water during the EIP process.

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p><u>plans to undertake major improvements to its trunk water network over the period 2010 to 2018. This will involve the construction of an extended 'water grid' to improve security of supply, reduce the impact of some of its groundwater abstractions on river flows, address the problem of deteriorating raw water supplies, and meet planned growth in demand. These works comprise a major element of its 2010-2015 funded capital programme. Ofwat recognises the need for further funding in the period 2015 to 2020 for the company to complete these improvements. These will form part of the company's submission to Ofwat when it seeks new price limits in 2014 for the period 2015 to 2020. The company is confident it will be able to meet all its water resources commitments including the needs of growth over the full lifetime of the Core Strategy.</u></p> <p><u>Wessex Water is confident in its ability to meet the expected growth over the Plan period and the Council will work in close partnership with Wessex Water to monitor progress with its planned water resources improvements and in a timely manner ensure that development does not outstrip the company's ability to meet demand'.</u></p> <p>An integrated 'water grid' to ensure water supply to be implemented in accordance with timing outlined by Wessex Water's 5 year Asset Management Plan (AMP4), funded by Wessex Water in order to achieve their obligations under the Environment Agencies review of consents. Additional water demand management secured through the Code for Sustainable homes requirement until national building regulations are altered.</p>	
MIN/044	Page 55 Paragraph 5.31 (c)	Insert full stop after '2011' and delete second full stop after 'developers'.	Minor change to Submission Document previously contained within SWCS 13 A
MIN/045	Page 57 Paragraph 5.35	The Housing Trajectory illustrates that the majority of housing supply from the rest of south Wiltshire, which includes the rural areas plus other areas of search around Salisbury and Amesbury, will commence delivery in 2015/16. Specific sites to deliver this supply will be identified in the Site Specific Allocations DPD. Delivery of at least 4000 homes is expected from this source. However, in some areas, housing supply will happen in the earlier part of the Core Strategy period through those saved Local Plan allocations at Laverstock, Dinton,	GOSW SCG

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>Downton, Durrington, Tisbury and Wilton, totalling nearly 400 houses, or as a result of existing commitments and possible windfall developments.</p> <p><u>The purpose of the Site Specific Allocations DPD will be set out in the LDS for Wiltshire and may in summary be defined as a document that may allocate smaller growth sites, especially in strategically important local service centres in the rural areas, where it is clear that other sources of delivery may not supply the homes and jobs that are needed. It will only be used to encourage growth in those areas, which comply with CP1 and where the market or saved allocations do not bring forward development in accordance with the Core Strategy, in a timely manner.</u></p>	
MIN/046	Page 57 Paragraph 5.37	<p>Only where compelling evidence exists of when the sites will be developed have they been allocated in this strategy. However, the Strategy strategy does have in-built contingency and flexibility, should sites not come forward as projected. This is based on the frontloading approach to the delivery of housing, as described above. If the housing trajectory information on site deliverability and infrastructure provision indicates that by 2026 there will be a 20% or more variation compared to the amount of housing required, a SPD will be prepared, to consider altering the release of housing land in the longer term. The detailed mechanism for bringing forward reserve sites into the rolling five-year housing supply will be set out in the SPD/Site Specific Allocations DPD. This approach is flexible, responsive and able to adapt to changing circumstances.</p>	Minor change to Submission Document previously contained within SWCS 13 A
MIN/047	Page 59 Paragraph 5.46 (b)	<p>Replace existing paragraph:</p> <p>(b) The site selection process and the SHLAA have indicated broad areas of search around Salisbury, which may provide in the region of 1000 additional homes. Further work through a site allocation DPD will be required to further investigate these sites to see if they are deliverable⁶⁴. The site selection process which led to the selection of the Strategic Allocations also identified an additional area which has potential for strategic development (Area 12 on the map in Appendix K) as well as a number of areas with limited potential for strategic growth (the blue areas on the map in Appendix K). These are the strategic areas of search round Salisbury which may provide for some 1000 additional homes and some 15ha of employment land. The identification of these areas of land is not tantamount to a future</p>	Amendment at request of Inspector as result of discussions during EIP

MIN/051	Page 62 Core Policy 3	Core Policy 3 - Meeting Local Needs for Affordable Housing The Council's target for affordable housing is that 250 of net additional dwellings per annum from the date of adoption of the Core Strategy to 2026 should be affordable. This will be achieved by:	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<ul style="list-style-type: none"> • A requirement for 40% affordable housing (net) on sites of 15 dwellings or more. • A requirement for 25% affordable housing (net) on sites of between 5 and 14 dwellings. • All affordable housing required by this policy, of 5 dwellings or above will be delivered on the development site. Only in exceptional circumstances, where a developer can prove to the satisfaction of the Local Planning Authority that on-site delivery is not possible, will a commuted sum be considered. The tests for considering off-site contributions will be set out in the forthcoming Affordable Housing SPD. • On sites of 4 dwellings or less a financial contribution will be sought towards the provision of affordable housing. The level will be set within the Planning Obligations SPD. • Tenure will be negotiated on a site-by-site basis to reflect the nature of the development and local needs as set out in Core Policies 6, 10, 11, 14 and 16, the up to date Strategic Housing Market Assessment and other available evidence. Affordable housing size and type, including any distinction between flats and houses, will be expected to reflect that of the demonstrable need for the community within which a site is located. • The provision of affordable housing will be negotiated on a site-by-site basis taking into account the viability of the development, the mix of affordable housing proposed and the availability of any additional public subsidy. Preference is for the provision to be made without public subsidy but if this can be demonstrated not to be possible for reasons of viability then the Council will consider other delivery mechanisms including the use of public subsidy, or the transfer of land. • Affordable housing units will be dispersed throughout a development and designed to a high quality, so as to be indistinguishable from other development, <u>designed to a high quality and SBD compliant.</u> <p>Parish and Town Councils and other parties will be encouraged to identify 100% affordable housing schemes, including on exceptions sites outside of settlement boundaries, if a local need has been identified where environmental considerations will not be compromised. Sites should be sensibly and sensitively located within easy access to employment and services.</p> <p>The need for and type of affordable housing will be reviewed regularly throughout the plan period as set out in PPS3, and revised targets will be determined depending on the</p>	<p>Wiltshire Police SCG</p> <p>Council's suggested wording as a result of</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>prevailing housing need and market conditions at the time, following a public consultation period. This will only occur if the housing need varies by more than 10% from the previously set target.</p> <p>Targets: 250 affordable housing completions annually</p> <p>Monitoring and Review: AMR & housing trajectory, annual number of affordable housing completions. Strategic Housing Market Assessments. <u>Monitoring through Strategic Housing Market Assessments (SHMA), AMR & housing trajectory. The AMR and housing trajectory will show annual number of affordable housing completions. The need and type of affordable housing will be reviewed regularly through regular updates to the SHMA. If this review identifies a trend that the housing need varies by more than 10% from the targets stated in CP3, then further viability work, taking into account prevailing market conditions, will be undertaken to identify whether the targets should be amended. Any such amendment will be subject to a public consultation in accordance with the adopted Statement of Community Involvement.</u></p> <p>Delivery Responsibility: Wiltshire Council, Development Industry, Strategic Partnerships, RSL's.</p> <p>Policies replaced: Policy H25, Policy H26</p>	<p>discussions at EIP.</p> <p>Council's suggested wording as a result of discussions at EIP.</p>
MIN/052	Page 63 Core Policy 4	<p>Core Policy 4 - Making adequate provision for gypsies and travellers</p> <p><u>This policy applies to intended occupants that meet the definition of Gypsies and Travellers within circular 01/2006'</u>Remove first bullet point.</p> <p>Within the Gypsy and Traveller Site Allocations DPD, sites will be identified to meet the demand for eighteen residential and five transit Gypsy and Traveller pitches in south Wiltshire and to contribute towards the 5 plots required to meet the needs of travelling showpeople to 2011. Beyond 2011, provision will either be compounded up into the future or a further study to identify Gypsy, Travellers and Travelling Showpeople's needs will be</p>	<p>Council's suggested wording as a result of discussions at EIP.</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>undertaken.</p> <p>The following considerations will be taken into account in the determination of relevant planning applications as well as for the identification for new Gypsy and Traveller pitches prior to the DPD being adopted:</p> <p>The intended occupants meet the definition of Gypsies and Travellers within circular 01/2006.</p> <p><u>Preferably,</u> the site should be located within or close to a settlement as defined by the Sustainable Settlement Strategy.</p> <p>The site will be large enough to provide for adequate on site facilities for parking, storage, play and residential amenity as well as any commercial activity that is required. Adequate levels of privacy should be provided for occupiers.</p> <p>Development of the site should be appropriate to the scale and character of its surroundings and the existing settlement.</p> <p>The site does not compromise a nationally recognised designation.</p> <p>The site should not be constrained by flooding nor have the potential for adverse effects on river quality, biodiversity or archaeology.</p> <p>Targets: Gypsy and Traveller site allocation DPD adopted.</p> <p>Monitoring and Review: AMR - allocation of sites through the Gypsy and Traveller Site Allocation DPD within LDS timescales and net increase in pitches.</p> <p>Delivery Responsibility: Wiltshire Council, Strategic Partnerships.</p> <p>Policies replaced: H34</p>	<p>Council's suggested wording as a result of discussions at EIP.</p>
MIN/053	Page 65 Paragraph 5.54	<p>Ensuring that the special characteristics of south Wiltshire's environment are not harmed by increased growth is a key part of this Strategy. National and regional policy, saved polices (see Appendix C) and supplementary guidance including Creating Places, the south Wiltshire Design Guide, all require protection of the environment, new development to respect their</p>	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>existing context and to deliver high quality outcomes. There is no need to replicate this comprehensive guidance. Instead there is a focus on those issues specific to south Wiltshire. Issues of environmental protection related to specific places are described in the Area Visions (see Chapters 6 onwards) and the major strategic actions necessary are in summary:</p> <ul style="list-style-type: none"> • The preservation of the important strategic landscape gap between Salisbury and Wilton through careful master planning of the Fugglestone Red and UKLF strategic allocations. • The provision of a country park in Salisbury to safeguard an important green lung into the city. • New habitat creation on land at Porton Down to offset pressure placed on protected species on the Special Protection Areas ("SPAs") and SAC by additional business growth, delivered through partnership working and master planning with the three partner agencies at the site with Natural England, RSPB and Wiltshire Council⁷⁰. • Implementation of a management plan to identify sources of and treat phosphate levels in the protected watercourses, funded through developer contributions and overseen by a working party of Natural England, Wessex Water, Environment Agency and Wiltshire Council⁷¹. • Parts of the Churchfields and Maltings development lie within flood risk zones 2, 3a and 3b as identified in the Level 1 and 2 Strategic Flood Risk Assessment ("SFRA"). The careful master planning of the new developments will consider flood depths and velocities and will be laid out in a way that minimises any flood risk and ensures that development is only located in areas where it is compatible⁷². • The redevelopment of brownfield land, such as Churchfields, will be subject to effective contamination assessment and necessary mitigation. • Improvement to the Salisbury AQMA, through working with environmental specialists and developers to identify and implement mitigation⁷³. • Delivering the ongoing effective protection for the historic roofscape and Cathedral views within central Salisbury, through modernisation of Salisbury's 40 ft rule⁷⁴. • Working with the Salisbury Vision Delivery Vehicle, market holders and Salisbury City Council to implement enhancements to the public domain including Salisbury Market Place, and to raise funding through planning obligations on other Vision projects where reasonable⁷⁵. 	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<ul style="list-style-type: none"> • <u>Working with the Stonehenge stakeholders to improve the setting of Stonehenge, interpretation and access, and the protection of the World Heritage Site.</u> • <u>Protection and enhancement of South Wiltshire's high quality environments, particularly its N2K sites, including Salisbury Plain and the New Forest, through the provision of Green Infrastructure.</u> • <u>Ensuring development does not compromise the aims of the Wiltshire BAP.</u> 	<p>English Heritage SCG</p> <p>Natural England SCG</p>
MIN/054	Page 65 Paragraph 5.55	<p>This Strategy will make a positive contribution to deliver the outcomes sought in Strategic Objective 4 and can be considered, at least partially, a spatial representation of the Community Strategy. Many of the issues are complex and will need a wide range of actions from many partners, to be effectively addressed, but this Strategy has been produced to deliver the following actions:</p> <ul style="list-style-type: none"> • Addressing hidden pockets of deprivation and social exclusion through targeting new development at the most sustainable locations with a range of local services and facilities. Delivering a step-change in affordable housing delivery and putting in place the necessary strategy for good economic growth. • Facilitating educational opportunities by ensuring that new growth is carefully matched by new school capacity. • Providing access to a range of shopping, healthcare, cultural, sport, leisure and recreational services and facilities through growth based on the settlement strategy which also understands important functional relationships. • Protecting existing services and facilities through the introduction of a new policy. • Delivering a choice of transport to access services. • Working with the police to achieve 'safe by design' <u>SBD new communities through early consultation.</u> • Ensuring that growth is matched by the provision of community facilities such as shops, open space, recreational facilities and community centres. • <u>Deliver healthy, safe and enriching places through the provision of green infrastructure.</u> 	<p>Wiltshire Police SCG</p> <p>Natural England SCG</p>
MIN/055	Page 66 Paragraph 5.57	<p>In respect of south Wiltshire the key priority is to ensure that the new growth required is delivered in a manner that is sustainable in the longer term. Growth and sustainability should not be considered at odds with each other: There are several ways in which this strategy will</p>	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>make a positive contribution to the delivery of sustainable communities. These are:</p> <ul style="list-style-type: none"> • Through ensuring that appropriate settlements are of a sufficient status to provide the range of services that people aspire to and rely on. This strategy aims to achieve a 'critical mass' of population in the key settlements, to ensure population is matched to the availability of services and jobs. • Successfully accommodating growth of population in a manner complementary to service and employment centres. Providing local jobs, homes and services, which provide a choice without the need for a long distance commute, are paramount to achieving balanced growth, is at the heart of this strategy. 	<p>Minor changes to Submission Document previously contained within SWCS 13 A</p>
MIN/056	Page 73 Paragraph 6.6	<p>The retail, leisure and cultural function of the city will have been greatly enhanced by the successful redevelopment of the Maltings/Central Park that is well integrated into the city centre, bringing benefits for the whole area. This new retail quarter will improve the range of shops, restaurants and bars amongst other uses. The new retail area will deliver a new department store and redeveloped convenience store as well as smaller units ranging from 500 sq m to 2000 sq m. This will attract further visitors to the city centre as a whole thereby benefiting the traditionally strong independent traders who characterize Salisbury's niche retailing role. This will be complemented by a revised parking strategy which ensures that shoppers have good access to the centre, while making full use of the city's five park and ride sites. Significant growth in new homes and jobs will have been successfully integrated into the city in a manner that meets local needs. The highly valued views of the Salisbury roofscape and spire views will have been retained. The successful redevelopment of Churchfields will have created a new neighbourhood of the city, with the new and existing businesses prospering in their new locations. The new homes balanced with the economic opportunities will have provided local opportunities to work and live in the local area and will have successfully reduced the amount of out commuting. The highly valued views of the Salisbury roofscape and spire views will have been retained.</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/057	Page 73 Footnote 79	Delete comma after 'Laverstock'.	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>

MIN/058	Page 74 Paragraph 6.14	Existing commitments (excluding allocations identified in paragraph 6.12 6.14, where outline, reserved matters or full planning permission has been granted, or there has been a resolution to grant subject to a Section 106 agreement) will also contribute toward delivering growth in the Salisbury area. These are shown together with windfall sites completed during the plan period in the following table:	Minor change to Submission Document previously contained within SWCS 13 A
MIN/059	Page 75 Core Policy 6	Under Private Sector Requirements delete 'Salisbury'.	Consistency error noted by Officers during EIP process.
MIN/060	Page 76 Paragraph 6.17	<p>The main sources of employment growth for the Salisbury area will be through new strategic allocations as detailed in Core Policy 2 above and major regeneration schemes identified below. Retail growth will be delivered in the city centre through the redevelopment of the Maltings/Central Car Park. The Strategy will deliver 13,400 jobs including on 36 ha of employment land based on B1, B2 and B8 uses and up to 40,000 sq m gross external area retail and leisure floorspace. Evidence⁸⁴ suggests that the market need is for around 19 ha of B1 business use (offices), in the region of 4 ha for B2 general industrial uses and the remaining approximately 13 ha for storage and distribution. The main sectors that are forecast to expand are hotels and catering, the wider service industries, distribution and education and health. This Strategy provides a range of sites in locations around the city to suit all needs and uses will be located appropriately. For example the Imerys site is most appropriate for heavy industrial uses, while offices would be appropriate on the redeveloped Churchfields site. The types of use appropriate to each strategic site allocation are included in the Development Templates in in Appendix A.</p> <p>These outcomes will be delivered from the following sources:</p>	Minor change to Submission Document previously contained within SWCS 13 A
MIN/061	Page 76 Paragraph 6.19	<p>Add paragraphs at end:</p> <p><u>Discussions between landowners and occupiers of the site have been progressing alongside the development of the Core Strategy and to some extent its delivery will depend on the allocation of the other sites in the Core Strategy, as this will provide both the physical capacity and the geographical flexibility for which the decanting businesses have expressed a desire.</u></p>	GOSW SCG

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p><u>This project will be delivered through the Salisbury Vision. In support of this an implementation team has been established for the delivery of this project to be led by the Salisbury Vision Director. The team has extensive regeneration and development expertise and the ability to draw upon further external support where this is required.</u></p> <p><u>Salisbury Vision is a special purpose vehicle established to provide a private sector led approach to the regeneration of Salisbury. It has a Board comprising both private and public sector representation including Wiltshire Council and representatives of the local business community and organisations with an important stake in the success of the city.</u></p>	
MIN/062	Page 77 Paragraph 6.20	<p><i>Providing retail choice and enhancing Salisbury's role as a shopping centre - The Regeneration regeneration of the Maltings and Central Car Park</i></p> <p>Salisbury city centre is the principal shopping centre within south Wiltshire and draws shoppers from a wide catchment including centres such as Bath, Andover, Southampton and Portsmouth. Evidence shows that there is a strong representation of small, specialist shops, which contribute to the diversity and appeal of Salisbury as a shopping destination. Around 3.3 million tourists and visitors per annum also enhance retail expenditure in the city. A number of the streets roads are narrow, historic cobbled streets and retail units are generally small. The city centre has three managed shopping centres: The Old George Mall, Maltings and Cross Keys Mall. Fisherton Street, in the western part of the centre, provides a more specialist shopping area. Independent retailers are predominant here with units selling books, antiques and specialist items.</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p> <p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/063	Page 78 Paragraph 6.24	<p>Add note after tables: <u>These figures are provided as and indication of the baseline capacity and are not intended to represent and absolute ceiling. Any proposals will need to be assessed against the tests as set out in PPS4</u></p>	Council's suggested wording as a result of discussions at EIP.
MIN/064	Page 78 Paragraph 6.26	<p>It is important that development on the Maltings and Central Car Park does not result in a decline of specialist, independent and other retailing elsewhere in the primary and secondary shopping areas. Comprehensive redevelopment of the area will therefore include other regeneration projects, some identified by the Salisbury Vision:</p>	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<ul style="list-style-type: none"> • Improved legibility created along and through the Market Walk to draw visitors/ pedestrians to the Market Square and onwards • Improved legibility between Fisherton Street, the Playhouse and City Hall to the proposed new development through a scheme such as <u>the creation of 'Fisherton Square' as depicted in the Salisbury Vision document.</u> • The development is shown to nurture and support the existing retailers and can demonstrate how it will complement and boost existing patterns of trade and not have a detrimental impact upon them. • The proposal will contribute towards a City Centre Retail Strategy to manage the transition of retail change within the city centre and ensure that the impact on the existing retail circuit is not undermined. 	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/065	Page 78 Core Policy 7	<p>Core Policy 7 - Maltings / Central Car Park</p> <p>The area around the Maltings, Central Car Park, and Library is allocated for a retail-led mixed-use development to enhance Salisbury city centre's position as a sub-regional shopping and cultural centre. <u>The development will consist of convenience and comparison shopping, leisure uses, housing, offices, library and cultural quarter.</u></p> <p>The redevelopment of the Maltings/Central Car Park will be sensitive to Salisbury's skyline and respect the scale and building forms of the historic urban fabric. It will build on the city's already strong retail offer to create a new quarter specifically designed to meet the demands of the modern shopper - and the modern retailer - with simple, regular shaped interior spaces which can be easily configured to meet a wide variety of needs and shop sizes.</p> <p>The Maltings/Central Car Park will not be an enclosed shopping centre or self-contained mall style development, but a high quality outward looking design, which integrates into the city centre. Its Retail, residential and leisure areas will be linked by open, pedestrianised streets and public spaces, with an improved cultural area around the Playhouse and City Hall, improving legibility from the new development through the cultural area to Fisherton Street. Relocation of the library will open up links to the Market Square. This open streetscape will connect the prime retail units anchored by a department store, residential and leisure areas.</p>	<p>Council's suggested wording as a result of discussions at EIP.</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>There is potential for a total of 40,000 sq m of retail floorspace (gross external area) which will comprise of the following uses:</p> <ul style="list-style-type: none"> _____ Comparison shopping uses including a department store a range of unit sizes including a mix of large shop units and smaller store unit requirements _____ Convenience floor space replacing any net loss of such floorspace _____ Around 200 dwellings _____ Office use _____ Leisure uses (15% of comparison floorspace) to improve the quality of leisure facilities <ul style="list-style-type: none"> _____ A replacement library _____ Adequate car parking spaces using undercroft and multi-storey car parking _____ A new park based around existing watercourses and opening up linkages to the Market Square and Fisherton Street. _____ Improved cultural area around the Playhouse and City Hall, improving legibility from the new development through the cultural area to Fisherton Street. <p>A single or few large retail outlets providing the whole of the floor area will not be appropriate to achieve the aims of the development and will not be permitted.</p> <p>As the site sits in a sensitive location between two river courses of the River Avon SAC any proposal will also need to meet the following requirements:</p> <ul style="list-style-type: none"> _____ Softening the hard edges of the river to provide better marginal habitat for wildlife including improved cover for fish and invertebrates _____ Meet the requirements of Policies 19 (water efficiency) and 20 (phosphate levels) of this Core Strategy _____ Be designed and provide for flood defences and mitigation measures in accordance with the SFRA level 2 for the site. <p>The development will need to meet the requirements as set out in the Development</p>	

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>Template at Appendix A of this Core Strategy.</p> <p>Targets: Delivery of Maltings and Central Car park redevelopment</p> <p>Monitoring and Review: AMR</p> <p>Delivery Responsibility: Wiltshire Council.</p> <p>Policies replaced: S6, S7</p>	
MIN/066	Page 80 Paragraph 6.27	<p>Much of Salisbury's growth strategy is therefore based on an ambitious transformation of the city centre to ensure that it remains competitive into the future while protecting the niche retailer and its intrinsic character. It follows that development elsewhere should not undermine or conflict with this Strategy and not threaten delivery of the Maltings and Central Car Park redevelopment nor damage the existing city centre. If any additional retail floorspace is proposed in edge or out of town locations it will need to comply with policy requirements of PPS6 and subsequent amendments. It is acknowledged that there may be retail capacity over the plan period beyond that that what that can be provided on the Central Car Park /Maltings site. Over the last couple of years there have been a large number of retail applications, some of which have been approved and some that are outstanding, in themselves these could provide a large amount of additional convenience and comparison floorspace if built out and affect future retail requirements within Salisbury City. As there is a level of uncertainty, retail needs will be assessed further during the subsequent Site Specific Allocations DPD. At this point it should be clear as to whether further retail allocations are necessary.</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/067	Page 80 Paragraph 6.28	<p>The housing trajectory overleaf <u>opposite</u> shows how the Strategic Site Allocations in Salisbury (alongside those in Amesbury and Wilton) will be delivered in a timely manner to meet local needs and the RSS targets. The trajectory is based on a realistic evaluation of housing supply, informed by the Strategic Housing Land Availability Assessment ("SHLAA"), which has included evidence from developers regarding projected build rates and the requirements and timing of essential infrastructure provision⁸⁹. For the critical influence of infrastructure on timing of delivery see Chapter 5 and the Integrated Delivery Plan in Appendix E. Managing risks and making contingencies are also critical to delivery and the</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>approach adopted in this Strategy with respects to contingency is explained in Chapter 5. An analysis has been carried out on the potential risks to delivery of the strategic sites, the mitigation and actions taken in respect of these risks, and the possible implications for the Core Strategy. The Risk Analysis <u>risk analysis</u> is attached to the Core Strategy as Appendix I.</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/068	Page 80 Paragraph 6.29	<p>In penultimate sentence, delete full stop between 'Core Strategy' and '(See Map 6...'</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>
MIN/069	Page 82 Paragraph 6.30 (b)	<p>As described in detail in Chapter 5, it is important to emphasise that there are no major works that require the delivery of part or all of the Strategy to wait for its completion. While it is a requirement for infrastructure to be phased and delivered to support the growth, the strategic upgrades will be secured either through direct works by the developer or a commuted sum payment (under a Section 106 agreement) for the infrastructure provider towards the cost of implementation. Providing that the measures set out in the Development Templates are agreed and delivered when required by the infrastructure provider then development can commence. The timing of delivery essential to support this strategy, as agreed in the forward plans of the partner organisations, is shown in the Integrated Delivery Plan at Appendix E90.</p> <p>Key requirements are:</p> <ul style="list-style-type: none"> • New secondary school capacity for Salisbury, which will initially be met through extension and rationalisation of existing stock with a longer term aspiration for a new secondary school to be facilitated through developer contributions. • New primary schools at strategic sites at Fugglestone Red, Hampton Park, Longhedge and Harnham are required up front in the development process. • New relief sewers within upstream catchment at Old Sarum, Hampton Park and Longhedge to mitigate risk of sewer flooding to be achieved through developer contributions and implemented at a time to be determined by Wessex Water, but not required before the initial <u>initial</u> delivery of the strategic sites. • Additional surgery capacity, which will initially be met through extension and rationalisation of existing facilities with a longer-term aspiration for a new 'super 	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p>surgery' to be facilitated through developer contributions.</p> <ul style="list-style-type: none"> • Upgrade of facilities required, through developer contribution, to ensure adequate fire service response to areas of new growth. • Green Infrastructure linkages between strategic sites, such as Fugglestone Red, and UKLF, to reinforce wildlife corridors and mitigate impacts on habitats, to be delivered through site master planning and phased to match the development process. Off site mitigation may require a contribution to the implementing body and these will be determined on a case-by-case basis. • Retention of important green infrastructure to the northern slopes and the green lung running south from land east of Old Sarum and west of Hampton Park, to be delivered through site master planning and phased to match the development process. 	
MIN/070	Page 83 Core Policy 8	<p>Core Policy 8 Salisbury Skyline</p> <p>In the Salisbury Central Area as shown on the Proposals Map:</p> <ul style="list-style-type: none"> • New development will be restricted to a height that does not exceed 12.2 metres above ground level; • Decorative architectural features that positively contribute to the variety, form and character of the area's roofscape, skyline and silhouette may be allowed to exceed 12.2 metres in height where appropriate, provided that they do not result in any increase in usable floorspace. • In exceptional circumstances, development in excess of 12.2 metres in height will be permitted, where it can be demonstrated to the satisfaction of the Local Planning Authority that the development: <ul style="list-style-type: none"> (a) would have no demonstrable harm on the roofscape of the city and/or views of the Cathedral; (b) would be essential for the long-term economic viability of the city; and (c) the height is required to ensure the development is making the most efficient use of the land. <p>Targets: No approval as exceptions to policy</p>	<p>Minor change to Submission Document previously contained within SWCS 13 A</p>

MIN/080	Page 94 New paragraph at end of Chapter 7	<u>7.15 Part of this Community Area is located within the Cranborne Chase and West Wiltshire Downs AONB. Within the AONB particular attention will be placed on the preservation of the character and scenic quality of the environment. Where proposals come forward emphasis will be placed on their scale, location, siting, design, materials and landscaping. Where possible, proposals should aid the delivery of the AONB Management Plan. Applications for development within and adjoining the AONB should have regard to the AONB Landscape Character and Historic Landscape Character Assessments.</u>	Natural England SCG
MIN/081	Page 97 Paragraph 8.0	<p>The Amesbury Community Area comprises the town of Amesbury and surrounding parishes. Amesbury is situated some 8 miles north of Salisbury with Salisbury Plain, a large military training area further to the north. It is located on the A303, a major arterial route from London to the West Country. The town is surrounded by an ancient landscape: The parish boundary of Amesbury encompasses <u>it is the gateway to</u> the ancient, Neolithic site of Stonehenge - a World Heritage Site, which attracts over a million visitors a year. Large areas around Salisbury Plain and nearby Porton Down are designated as SPAs-, to reflect the unique make-up of what is one of Europe's last natural semi-dry grassland habitats.</p> <p><u>Along with Durrington and Bulford and the associated military garrisons, Amesbury forms part of a unique group of settlements which have close links to one another, both geographically and functionally, and collectively make up a large population, almost half that of the city of Salisbury. These settlements provide a service centre for the Stonehenge Community Area. Although they are distinct from one another, their close relationships mean that they neither conform to the SSCT category nor are comparable with the Local Service Centres or any of the Village categories.</u></p> <p><u>Durrington is the third largest settlement in the district, with a population of over 7000. However, in spite of its size it lacks the strong identity of the south Wiltshire's smaller centers such as Mere and Tisbury, not least due to the absence of a village centre proper as much of</u></p>	<p>English Heritage SCG</p> <p>Minor change to Submission Document previously contained within SWCS 13 A</p> <p>Minor changes to Submission Document previously contained within SWCS 13 B</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
		<p><u>its development has been via the accretion of new and relatively poorly connected housing estates. Bulford, with a population of about 5000, is closely interrelated to both Durrington and Amesbury and is heavily reliant on them for meeting its own needs relative to other comparably sized settlements in the district.</u></p>	
MIN/082	Page 97 Paragraph 8.2	<p>This growth has generally been welcomed by the local community but has not been delivered without revealing some key challenges that this Strategy seeks to resolve. These are:</p> <ul style="list-style-type: none"> • The pace of growth is perceived to have outstripped the level of services and facilities that the Area provides. There is a serious question mark over whether there is enough retail choice. • A lasting solution needs to be found for Stonehenge, which is compromised by roads and served by a cramped, outdated visitor centre. • Despite the number of visitors Stonehenge attracts, Amesbury and the surrounding area see little economic benefit spin-off from it. • <u>Development around Amesbury should be carefully designed so as not to affect the Stonehenge World Heritage Site or it's setting.</u> • There is a challenge to improve public transport, pedestrian and cycle linkages to ensure that the residential growth areas have easy, convenient and safe access to the town centre facilities. • <u>There is a shortage of amenity space in the area, especially Amesbury East, which needs to be addressed. Contributions will be sought from the planned growth through provision of new amenity space and commuted payments under saved policy R2.</u> • A number of the surrounding villages are poorly served by public transport choice to the main service centre at Amesbury. • The area is still inhibited by the lack of dualling of the A303 and delivery of the Winterbourne Stoke bypass. • The perception and fear of crime and anti-social behaviour is a high priority and measures are needed to try and make people feel safer in their communities. • Salisbury Plain is the largest surviving semi-natural dry grassland in the European Union and Porton Down, The River Avon and Parsonage Down are all important nature conservation sites. This Strategy seeks to reconcile growth with the need for their long-term enhancement. 	<p>English Heritage SCG</p> <p>Minor changes to Submission Document previously contained within SWCS 13 B</p>

Proposed Change Reference	CS REFERENCE	CHANGE	SOURCE
MIN/083	Page 98 Map 7	Add extent of World Heritage Site to map.	Minor changes to Submission Document previously contained within SWCS 13 B
MIN/084	Page 98 Paragraph 8.4	In 20 years Amesbury will be a thriving community reflecting the aspirations of its residents. It will be a place where people want to stay, attracting new residents, businesses and visitors alike. Managed growth will have provided new homes and jobs, which supports improved services and retail choice and cements Amesbury's own specific identity <u>as a self-supporting community which has reduced the need to travel to larger urban centres like Salisbury or other larger centres along the A303 corridor. Durrington and Bulford will also have become more self-contained. They will have more services and facilities to meet their own needs, meaning that functionally these settlements are less reliant on Amesbury.</u> Through working with partners, especially English Heritage and the National Trust a lasting solution to the Stonehenge issue will have been realised, which returns the monument to a setting more respectful of its status as an international icon and delivers tangible economic benefits to the local area. <u>The other objectives of the 2009 Management Plan, such as improving access to the World Heritage Site, developing sustainable transport and improving the conservation of archaeological sites, will have been realised.</u>	Minor changes to Submission Document previously contained within SWCS 13 B
MIN/085	Page 99 Paragraph 8.7	2650 new homes and 17 ha of employment land will be provided to meet the needs of the Amesbury Community Area over the lifetime of this Strategy ¹⁰² . Core Policy 2 in Chapter 5 sets out the strategic allocations. These allocations are shown on the map above <u>on page 51</u> and in summary for the Amesbury Community Area include:	Minor change to Submission Document previously contained within SWCS 13 A

		<p><u>enhancements required to juniper plantations that all require urgent action. Further work is currently underway, examining invertebrates, bats and other small mammals</u> Once agreed the Wildlife Management Plan <u>IBEMS</u> will provide a comprehensive evidence base <u>about the biodiversity of the whole estate</u>, which can be used to inform the future development proposals of all three organisations. It will be used to identify avoidance and mitigation measures that can help prove that there are no significant effects on the Porton SPA/SAC or SSSI when proposals are considered at the application stage. This will ensure that the aspirations of the scientific community can be realised while at the same time maximising the wildlife potential of the site. <u>The IBEMS will also provide an opportunity to enhance the biodiversity of the site, irrespective of the SPA, SAC or SSSI.</u></p>	
MIN/088	Page 103 Paragraph 8.22	<p>In December 2008 a new Lidl store opened in an out of town location. The outcome of a call-in inquiry for two applications for out of centre convenience stores could influence the retail position in Amesbury greatly with respect to both comparison and convenience floorspace. A call-in inquiry for two applications for out of centre convenience stores has recently taken place, the outcome of which is the granting of planning permission for Tesco on the London Road in Amesbury. The implementation of this permission will help to broaden the retail offer in Amesbury offering more choice and competition, and help to promote more sustainable shopping patterns by reducing the need to travel to larger urban centres like Salisbury and Andover. The implementation of this planning permission, alongside the realisation of more employment at Solstice Park and delivery of housing at Kings Gate, will together help to promote settlement self-containment and deliver balanced growth in Amesbury. However, potential also exists to assemble a site around the old Co-op store within the town centre subject to meeting with design requirements and needs of the conservation area appraisal.</p>	Minor changes to Submission Document previously contained within SWCS 13 B
MIN/089	Page 103 Paragraph 8.23	<p>In Amesbury there are also concerns over the loss of A1 retail units especially to take-aways. The existing Primary and Secondary retail frontages and associated policies S1 and S2 of the Local Plan will continue to be saved. These policies will be assessed and amended within a subsequent DPD. <u>The vitality of the existing town centre will be protected by ensuring that the local centre at Kings Gate is commensurate with the day-to-day needs of the Archers and Kings Gate areas. Future policy proposals for the settlement will focus on assisting the existing town centre to continue to thrive, taking into account the impact of the recent approval of out of centre retail development.</u></p>	GOSW SCG

SCHEDULE OF MINOR CHANGES TO SOUTH WILTSHIRE CORE STRATEGY (HABITATS REGULATIONS ASSESSMENT REPORT)

MIN/186	Page 5 Paragraph 1.19	<p>The recent revisions to the Core Strategy are noted in this report where relevant to the HRA process. This HRA report has been fully updated to assess the latest available draft Core Strategy policies (included in Proposed Submission Draft Core Strategy, version 12, July 2009), and respond to informal consultation comments on the May and June 2009 HRA Reports.</p> <p><u>Further iterations of the Core Strategy were then drafted towards the middle of July 2009, which were based predominantly on slight structural changes to the Proposed Submission Draft Core Strategy rather than content. Further slight amendments to 'screened in' policies based on discussions with the HRA Steering Group and the further amendments through discussion and e-mails with Natural England and the Environment Agency. E-mails are detailed in Appendix 10 of this HRA report.</u></p>	Natural England SCG
