## Introduction

The Childcare Act 2006 (Section 11) places a duty on local authorities to undertake an assessment of the Sufficiency of Childcare in their area.

Sufficiency of childcare is defined as childcare that is sufficient to meet the requirements of parents who require childcare in order to enable them to take up or remain in work or to undertake education or training which could reasonably be expected to assist them to obtain work.

For a full analysis of the sufficiency of childcare in Wiltshire, please see the Childcare Sufficiency Assessment 2011 at [www.wiltshire.gov.uk/childcare](http://www.wiltshire.gov.uk/childcare). The next full report will be published in April 2014.

For a full list of childcare available in your area please contact Wiltshire's Family Information Service at **ask** on 08457 585072 or visit [www.askwiltshire.org](http://www.askwiltshire.org). The **ask** website also contains lots of useful information for families including holiday playschemes, financial information and services available to parents.

### 1 Warminster area profile

Warminster Community Area comprises the town of Warminster with a number of surrounding villages: Corsley, Heytesbury, Codford, Sutton Veny, Bishopstrow, Crockerton, Longbridge Deverill and Upton Scudamore.

#### 1.1 Population trends

According to Wiltshire Council population projections and 2001 Census data:

- The resident population was estimated at **23,830** for 2009
- Warminster has a population density of **99** people per km<sup>2</sup>.
- The current number of 0-14s in Warminster is estimated to be around **4,400**.
- Wiltshire is developing a register of disabled children (The Key). The 2001 census data tells us that there were **159** children with a Limiting Long Term Illness (LLTI) in Warminster.
- At 2001 Warminster had **501** lone parents
- At 2001 Warminster had black and minority ethnic population of **1.4%**.

#### 1.2 Deprivation (2007)

There are two Lower Super Output Areas (LSOAs) area that falls in the most deprived 10% in Wiltshire in terms of income deprivation affecting children - Warminster East (Boreham) and Warminster West (south central).

## 2 Warminster community area – key childcare tables

All provider data is correct as at Summer 2010 unless otherwise indicated.

### Registered childcare places (0-7)

### 3 Summary of local picture

This space is for officers and other key partners to summarise the local picture.

#### **General comments**

Warminster Garrison Nursery opened during October 2010. The Nursery is registered for 41 children, ages range from 18 months to 5 years.

The majority of the under 5 settings within Warminster have increased their opening hours, enabling parents/carers to access the 15 hour free entitlement.

Due to the lack of demand we have seen the closure of one holiday club, one breakfast club, and one after school club within Warminster. However in the rural village of Codford we have Wyllye Coyotes After School Club which has seen a marked increase in the numbers of children attending, with a 97 per cent occupancy rate through out the year, in the after school/breakfast and holiday club.

Acorns After School club situated at The Close Primary School offers after school/taxi facilities for children aged between 4 and 14 years during term time.

Two private childcare settings have closed during 2010/11. All the children attending the nursery/pre school were due to start school the following term.

Warminster Leisure Centre continues to offer holiday activities including swimming during the school holiday period.

#### **Childcare and childminding**

- Warminster community area currently has 20 registered childminders, one of whom offers the free entitlement to 2, 3 and 4 year olds.
- There is evidence of need to increase this number slightly. This community area has fluctuating needs, but there are some childminding spaces at present.
