Introduction

The following pages stipulate our memorial permit fees for the financial year beginning on the 1 April 2023 through to 31 March 2024

Standards in this document

- **All measurements are in inches.**
- Prices exclude VAT as there is currently no tax applied to this service.
- The terms **height**, **width** and **depth** refer to the three-dimensional axis of a solid object, these labels can be interchanged with any other “**meaningful**” description.
- Maximum memorial heights in any cemetery are measured from the ground to the highest point of the stone, foundation stone “thickness” would add to the height if the surface of the stone were not flush with the ground.

Memorial Permit Fees

Hilperton
