ROUGH SLEEPERS
How to get the help you need

Wiltshire Council
Introduction

Rough sleeping is the most visible form of homelessness and the most damaging. It can cause significant harm to individual physical and mental health and general well-being as well as reduced life expectancy.

We believe that nobody should be sleeping on the streets in Wiltshire and should have access to appropriate support and suitable placements to ensure there is a route off the streets for everyone.

Our Aim for Rough Sleeping is:

“Work together to reduce the number of people who are rough sleeping and ensure there is a route off the street for everyone”

The Rough Sleeper Team will attempt to engage with you if you are sleeping rough and will connect you to services and assistance where possible. The RS Team consists of 5 Outreach Workers, one who specialises in Mental Health.

Their role is to seek out and engage with Rough Sleepers to support them off the streets. The Outreach team complete several early morning Outreach sessions across the County to support Rough Sleepers and attend the Drop-In Sessions.

Local Connection

To access some services such as the Housing Register called ‘Homes for Wiltshire’ (H4W) or our Wiltshire Let Deposit Scheme for private sector landlords, you will need a ‘Local Connection’. By local connection we mean that you must have lived in Wiltshire for at least 6 months out of the previous 12 months, or 3 years out of the previous 5 years. Residence may include, for example, a tenancy or other settled accommodation which is supported by evidence. Local connection can also be gained through a close and meaningful family relation who has lived in Wiltshire for over 5 years, or if you have meaningful employment in the County. The following will NOT be considered as having established a local connection to Wiltshire:

• Time spent sleeping rough, living in tents, squats, cars and other arrangements not intended for residential occupation

• Time spent in approved premises (formerly known as bail hostels)

• Time spent in Wiltshire in detox, treatment, or rehabilitation where placed by an agency from outside of Wiltshire. The placing Local Authority will have responsibility for move-on as part of the recovery process.

If you do not have a local connection to Wiltshire we can offer to reconnect you to an authority where you do have one as your access to Wiltshire services will be limited and this will offer you the best opportunity to secure accommodation. We would always look to refer any Relief Duty under the Homelessness Reduction Act 2017 to the Authority where you have a local connection so it is better that you work to achieve this with us as early as possible. This can include helping you financially to secure travel back to that area.
