

### Appendix 3: Other Notes and Comments

EMAIL ADDRESS REDACTED	Survey sent 27/11/2019
Couple asking about the north end of the road & how it will link up to another road - who is developing that road? From Wavin Factory to the North	Commuter
Gentleman, not from Chippenham, but visits regularly thanks to the bus. Not in favour of more houses	Library 26/11/2019
Press reporting - inaccurate/misleading - unpublicised [illegible] endemic. Chip site allocation Plan - ruled unviable. Isn't relief road by product. Resident of chip - not new road. Delivery times - need more more public transport. Homes will generate more traffic. Neighbourhood Plan. Bigger conversation about individuals living in large homes on their own. Bigger social question	
Pleasant cycle route - ends on road - the cars can't pass properly with [illegible] on cycle route. Love living here. River dirty. Run down, tacky. Dirty building. Swap	22/11/2019
Q) Why has the HIF been put in for development on land not with the CSAP? The East was rule out!! The spin in the local paper was a disgrave. The local agreed plan is the route - only this. There has been zero consultation on this and it feels dishonest from the start. Q) The housing S/P numbers - what is the reality? i.e. NET shortfall allowing for population births and deaths as we have an ageing population	23/11/2019 - NAME REDACTED engaged with 2 further people who did not want to complete the survey. One of these asked two questions
