Agenda

- What is the Local Plan?
- What are we consulting on?
- How will it affect Bradford-On-Avon?
- How to comment & next steps
- Q & A

What is the Local Plan?

- Determines where and how development takes place.
- Planning applications by law are determined in accordance with the Plan 'unless material considerations indicate otherwise'.
- Current Local Plan is the Wiltshire Core Strategy - it has a plan period of 2006 to 2026
- The Local Plan Review will update this and cover the period 2016 to 2036.
- It must plan positively to meet forecast development needs over this extended time horizon. Most notably it must plan to meet assessed housing needs.

What are we consulting on?

- **Emerging spatial strategy:**
 - Additional new homes and employment land needed (2016 to 2036); based on Government requirements and local evidence
 - Distribution by main settlements and rural areas
 - For rural areas, including number of homes for each Local Service Centre and Large Village (**'Empowering Rural Communities'** document)
- **'Planning for'** document and **Site Selection Report** for each main settlement including level of new growth, place shaping priorities, potential sites
- How planning policies could be shaped to help address **climate change** and support biodiversity net gain

What are we consulting on? (cont.)

- The consultation asks for people's views on three main topics to directly influence Local Plan content **before** it is drafted:
 1. **What should be the future scale of growth?**
 2. **What should be the local priorities for delivering sustainable growth?**
 3. **Where should development take place?**

1. What should be the future scale of growth?

- Approximately 45,600 new homes needed over the plan period
- Divided in to the forecast need for four housing market areas within the County
- Do we need to change the current plan's pattern of growth within each area?
- 'Alternative Development Strategies'
- Alternatives tested and compared to produce an 'emerging spatial strategy'

Bradford-On-Avon - the future scale of growth

		Housing Requirement (Dwellings)		Employment Requirement (Hectares)
	Wiltshire Core Strategy 2006-2026	595	Residual at 1 April 2019	0
	Emerging Strategy 2016-2036	350		
Bradford-On-Avon			80	0

Are these scales of growth too high or too low? Why?

2. What should be the local priorities?

- A draft bullet point set of priorities to plan each settlement by
- Priorities establish a joint basis for Local Plan and neighbourhood planning work
- They result from a review of issues in the Wiltshire Core Strategy and from discussions with the local community

Are these the most appropriate place shaping priorities? What needs adding?

Bradford-On-Avon - Place shaping priorities

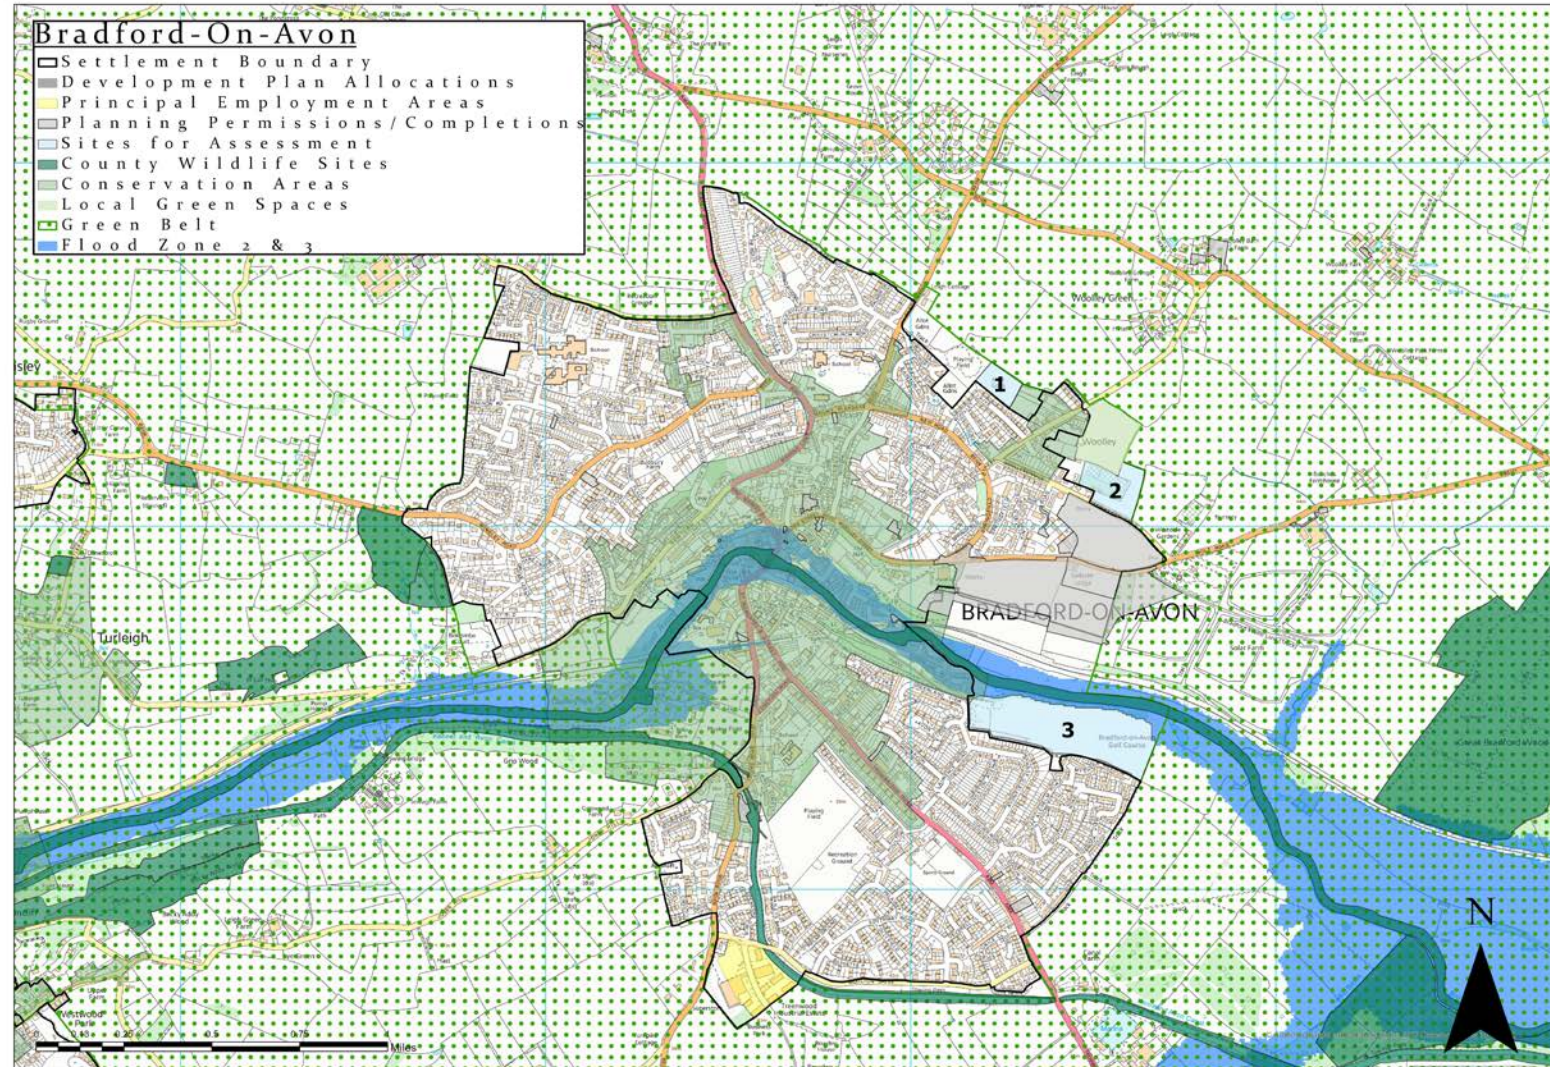

- **Delivery of employment** growth and **retention of all existing employment sites**
- **Provision of affordable housing** to help reduce high levels of need in the town
- **Improved air quality** within the town centre in Bradford on Avon, **reducing the impact of traffic**, particularly within the Air Quality Management Area
- **Continue to conserve, maintain and enhance the unique historic architecture** of the town in Bradford on Avon
- **Improve the pedestrian and cyclist environment** through and around the town
- **Achieve high quality design in new buildings and the public realm** that respects and responds to its context.

3. Where should development take place?

- **Market Towns:** a pool of possible greenfield development sites
- Principal Settlements (Chippenham, Salisbury and Trowbridge): preferred greenfield sites and concept plans of a potential layout
- All the land promoted for development has been assessed to produce a smaller pool of reasonable alternatives
- A small minority of sites (or parts of) will be selected for development and not all the land shown

Bradford-on-Avon - where development might take place

- Possibly just one or two of these sites (or parts of) will need to be selected for development
- **Which one(s)?**
- What are the advantages and disadvantages of each site?
