

### Welcome

Welcome to the latest edition of the Melksham Community Campus Newsletter.

This month we are excited to announce that construction on Melksham Community Campus is set to get underway in March, marking a huge milestone for the project.

### Construction starting

**Construction will commence on the 1 March 2021!**

This date marks the contractors first official day on-site. The first step will be to set up the site, which will include the installation of hoarding to secure the site. Demolition and works can then commence.

We will be sharing lots of updates as the building work progresses.

Work is expected to be complete by the end of Summer 2022.

### Site access

Construction traffic will be accessing the site via the Market Place. This means from 1 March access to the site will be restricted to construction vehicles only.

The on-site car parks will be closing on 28 February. Nearby car parks are available.

Please visit:

<https://www.wiltshire.gov.uk/parking-melksham> for more information.

Pedestrian routes around the site will remain open and will be clearly signposted, but access to the Market Place through the construction site will not be possible.

Arrangements will be in place for the on-site clubs.

### Meet the contractor

The council has appointed Pellikaan Construction to build the new Community Campus project. Pellikaan specialise in the construction of sports and leisure centres.

We would like to introduce you to two of the key site personnel:

#### Meet the Team

Site Manager  
Victor Povey

Project Manager  
Santana Rodrigues
