September 2007

Dear Mr Gateley

I am writing with reference to your application of 30 March 2007 applying for a direction under paragraph 1(3) of Schedule 8 to the Planning and Compulsory Purchase Act 2004 in respect of policies in the Salisbury District Local Plan (adopted June 2003).

The Secretary of State's Direction is attached. Those policies not listed in the Direction will expire on 27<sup>th</sup> September 2007.

The Secretary of State's assessment of whether saved policies should be extended is based upon the criteria set out in Planning Policy Statement 12 and the Department for Communities and Local Government Protocol on saving policies. The Secretary of State's decisions concern some policies where there have been representations from a third party expressing views that differ from those of your authority. Also, her decisions in respect of some policies have the effect of saving policies that your authority requested should not be extended. For clarity, where either or both of these two circumstances apply the Secretary of State's reasons are set out in the table at the end of this letter.

The extension of saved policies listed in this Direction does not indicate that the Secretary of State would endorse these policies if presented to her as new policy. It is intended to ensure continuity in

the plan-led system and a stable planning framework locally, and in particular, a continual supply of land for development.

Local planning authorities should not suppose that a regulatory local plan style approach will be supported in forthcoming Development Plan Documents. LPAs should adopt a positive spatial strategy led approach to DPD preparation and not seek to reintroduce the numerous policies of many local plans.

The exercise of extending saved policies is not an opportunity to delay DPD preparation. LPAs should make good progress with local development frameworks according to the timetables in their local development schemes. Policies have been extended in the expectation that they will be replaced promptly and by fewer policies in DPDs. Maximum use should be made of national and regional policy especially given the advanced position of many regional spatial strategies and the development plan status of the Regional Spatial Strategy/Spatial Development Strategy.

Following 27 September 2007 the extended policies should be read in context. Where policies were adopted some time ago, it is likely that material considerations, in particular the emergence of new national and regional policy and also new evidence, will be afforded considerable weight in decisions. In particular, we would draw your attention to the importance of reflecting policy in Planning Policy Statement 3 *Housing* and Strategic Housing Land Availability Assessments in relevant decisions.

Policy Ref	Reason	Extended	Not Extended
None	The Secretary of State's assessment did not differ from the Local Authority's.
